## CERAMIC TRIPLE COAT

M S - O 3  
03B | 03R | 03Y

### ULTRA CONCENTRATE - TRIPLE FOAM POLISH

Mothers® Automated Solutions™ Ceramic Triple Coat is a highly efficient, professional grade ceramic formula that is vibrant in color, rich in scent and provides an ultra-hydrophobic layer of protection. It is specifically designed to be the first ceramic application in the Mothers® Automated Solutions™ Ceramic System and will enhance your paint's color, clear coat gloss and clarity while laying down the foundation for

our additional ceramic steps. This triple foam polish will offer your customers excellent value in a middle tier wash package and will truly elevate the extreme optical clarity and depth that only our proprietary **Ceramic System** can deliver. Utilize with any type of foam generator to amplify your customers experience, giving them the ultimate show while reminding them that "There's no shine like Mothers®."

### ADVANTAGES

- ◇ Increase top package capture rates with an outstanding color and foam show
- ◇ Deeply enhances vehicle's shine
- ◇ Performs exceptionally in all types of foam generators
