TECHNICAL BULLETIN WHEEL SHINE

M S - 0 2

ULTRA CONCENTRATE - LOW PH WHEEL CLEANER

Mothers® Automated Solutions™ Wheel Shine is a ultra-concentrated, low-pH cleaner that helps to restore wheels and tires to their original condition. Cleaning wheels is the most difficult job in the wash cycle as you have to do the most work in the least amount of time. This formula packs the necessary punch to remove brake dust, dirt and other grime. It is highly recommended to use as a second cleaning

application to Mothers® Automated Solutions™ Wheel Cleaner which aggressively cleans grease and oil deposits. When used together, these products put the radiance and shine back into wheels that have become dirty over time.

CAUTION: For use on factory/OEM coated wheels and hubcaps only.

ADVANTAGES

- ◇ Low pH formula targets and removes dirt and brake dust
- ◇ Clings to vertical surfaces extending dwell time
- ◇ High efficiency formula makes product extremely economical
- ◇ Compatible with Friction, Touch-Free or Self-Serve applications

DIRECTIONS FOR USE:

- ◇ Chemical Tire Applicator (CTA): 6-8 mL at up to 100:1
- ◇ Do not allow to dry
- ◇ Avoid polished or roughcast aluminum, billet or anodized wheels
- ◇ Rinse off thoroughly with water
