

Bronzetto *Collection Timeless*

B

Timeless is a brand of lightings and furnishings, born inside Il Bronzetto company, active in Florence since 1963. Timeless collection offers a selection of brass lamps and furnishing that are re-iterations of unique design pieces from the past. Created by rummaging in the cellars of artisans and in the photographic archives of early Italian design, our collection embodies the essence of timeless elegance. Each piece is crafted by master artisans who combine creativity and expertise to create objects that define sober and refined environments. Whether in traditional design contexts or modern minimal spaces, our lamps and furnishings add a touch of elegance and style that stands the test of time.

Advice

The products may show small variations and imperfections due to the craftsmanship of the work of the material and make unique each piece. The brass and nickel finishings are intentionally natural and so are subject to variations and opacifications that give the object beauty and patina of time. If you wish to avoid these modifications, it is possible to ask us for a semishiny or matte varnishing.

Brass Brothers

Raised in a workshop, frequent visitor of the Oltrano' alleys with its historical workshops of artisans, Simone Calcinai, owner of the company Il Bronzetto with his brother and cousin, is a profound connoisseur of techniques and materials. The curious and exuberant temperament, the explosive creativity has always led him to explore new boundaries and to found in 2014 Brass Brothers & Co., whose story is a family affair, with Antonio Calcinai, a craftsman, passing his knowledge and skills to his two sons, Simone and Pierfrancesco. Along comes their cousin Michelangelo, who assists Simone's creativity and Pierfrancesco's industrious craft. Together, they create a new way, studying the past and taking inspiration from and reworking old inputs, tying it all off with a modern taste. Timeless collection features contemporary objects that combine clean lines and precious materials to create a sophisticated and timeless space. From appliques and chandeliers to floor lamps and table lamps, our collection features nickel-plated finishes and geometric patterns that give any space a modern edge. Our lanterns and ceiling lights alternate satin-finish, milky, or transparent glasses with brass in satin or burnished finishes, adding to the versatility of our collection. Our re-editions of unique design pieces are updated to meet today's tastes, making them the perfect addition to any modern home. Timeless is not just a collection of lamps and furnishings, it's a collection that tells a story.
