

THE WORLD'S MOST INVINCIBLE FANZINE

ADVANCED IRON

#.... 13?

Advanced Iron #13

was originally published for release in March of 1995. During that time, A.I. was a handcraft fanzine, which was later scanned and made available digitally on later iterations of the Advanced Iron fansite, advancediron.com.

Somewhere along the way, the PDF was corrupted & seemingly lost! If you have an uncorrupted copy of A.I. #13, please send it to I.M.J. at wave1collectibles@gmail.com!
