

**HEROES**  
**OF THE LOST ARK**  
**CALENDAR 2016**

**A 12 MONTH WALLPLANNER**  
from **INDYMAG** magazine

**“It's not the years,  
honey, it's the  
mileage.”**

It doesn't matter how many times I watch Raiders, I still feel like the same 10 year old kid who was enthralled by its Saturday afternoon serial thrills and spills. And what's not to like? We have a grave robbing hero, an evil Nazi monkey, dirty fights, exploding heads, the wrath of God... and all done with a dry sense of humour.

The reason it still stands up after all the mileage is simply down to the love and attention from the many creators involved in the production. This calendar is dedicated to the production team and we at indymag salute them all.
