

## BLADE & SLIMLINE SERIES

### PRODUCT INTRODUCTION

Blade & Slimline Series are ultrathin LiFePO4 solutions , which is specially designed for UTE, 4WD and Marine . It is the perfect option for usage on utes, workstation vehicle and many more. Prismatic LiFePO4 Cells are adopted to make 4S1P, more simple and more reliable. 2C discharge performance and 5 Years warranty without worries.

### APPLICATION

UTE,4WD,RV,Marine,Workstation Vehicles

### MAIN ADVANTAGE

- Slim & Ultra Thin Design
- Safest Lithium Battery Technology
- Customized BMS Function and Parameter
- Premium Prismatic Cells
- Multiple Safety Protection
- Intelligent Balancing Function
- This BMS supports a matrix of 6 battery in series X 6 battery in parallel. A total of 36 batteries in the matrix Built-In LCD Indicator
