

ML_ECOSLENDER Slimline Automatic Hand Dryer

Material Specifications

- 1.2mm #304 Satin Stainless Steel or 1.2mm White Powder Coat Steel

Dimensions

- 275.5mmW x 216mmH x 100mmD

Mounting

- Unit can be hard wired by electrician or used with cord and plug provided.

Finish

- ML_ECOSLENDER01_WHT:** White Powder Coat Steel
- ML_ECOSLENDER05_SS:** Satin Stainless Steel

Installation Guidelines

- Make sure that the power supply breaker is switched off before installation. Installation must be carried out in accordance with the current edition of the local wiring regulations code and must be performed by a qualified electrician.

- Place mounting template provided against the wall at the desired height (see mounting height recommendation) and mark the 4 mounting hole locations and wire service entry at knockout (KO) location.

- Remove the hand dryer cover by undoing the 2 hex screws at the bottom of the dryer. Keep the screws aside.

a) For in wall (concealed) power supply –
 Prove supply wire to KO location according to local code and attach securely to chassis at KO with appropriate strain relief conductor (not supplied).

b) For Surface Mounted Conduit (exposed) power supply –
 Provide appropriate conduit to entry location according to local code and attach securely to chassis with correct strain relief connector (not supplied).

- Drill the 4 mounting holes and insert wall anchors.
