## Sonia Vases, Set of 2 #4580

Resting inside the petals of cast aluminum tulips, this set showcases historically one of the most regal and most beloved flowers in the botanical sphere. They are truly a display of natural beauty; organic lines and details are carried through the base, which is finished in antique brass and holds two clear glass vases that are rounded to fit snugly at the bottom. Lovely as a set of vases, but could easily double as a set of candleholders.
