

# ARTERIOS

## Maeve Sculpture

#9544

Interpretation, like beauty, is in the eye of the beholder. And no matter what your eye sees in this refined modernist sculpture, it's undeniably magnificent. The ivory-toned form is dual-sided to face either left or right and stands over two feet tall on an antique brass finish metal base. Pair it with its modernist partner, the Martin Sculpture (9545) to create a tabletop gallery.
