

Hazel Floor & Table Lamp

LT1001, LT1011 | 1.0

GENERATION LIGHTING

Portable

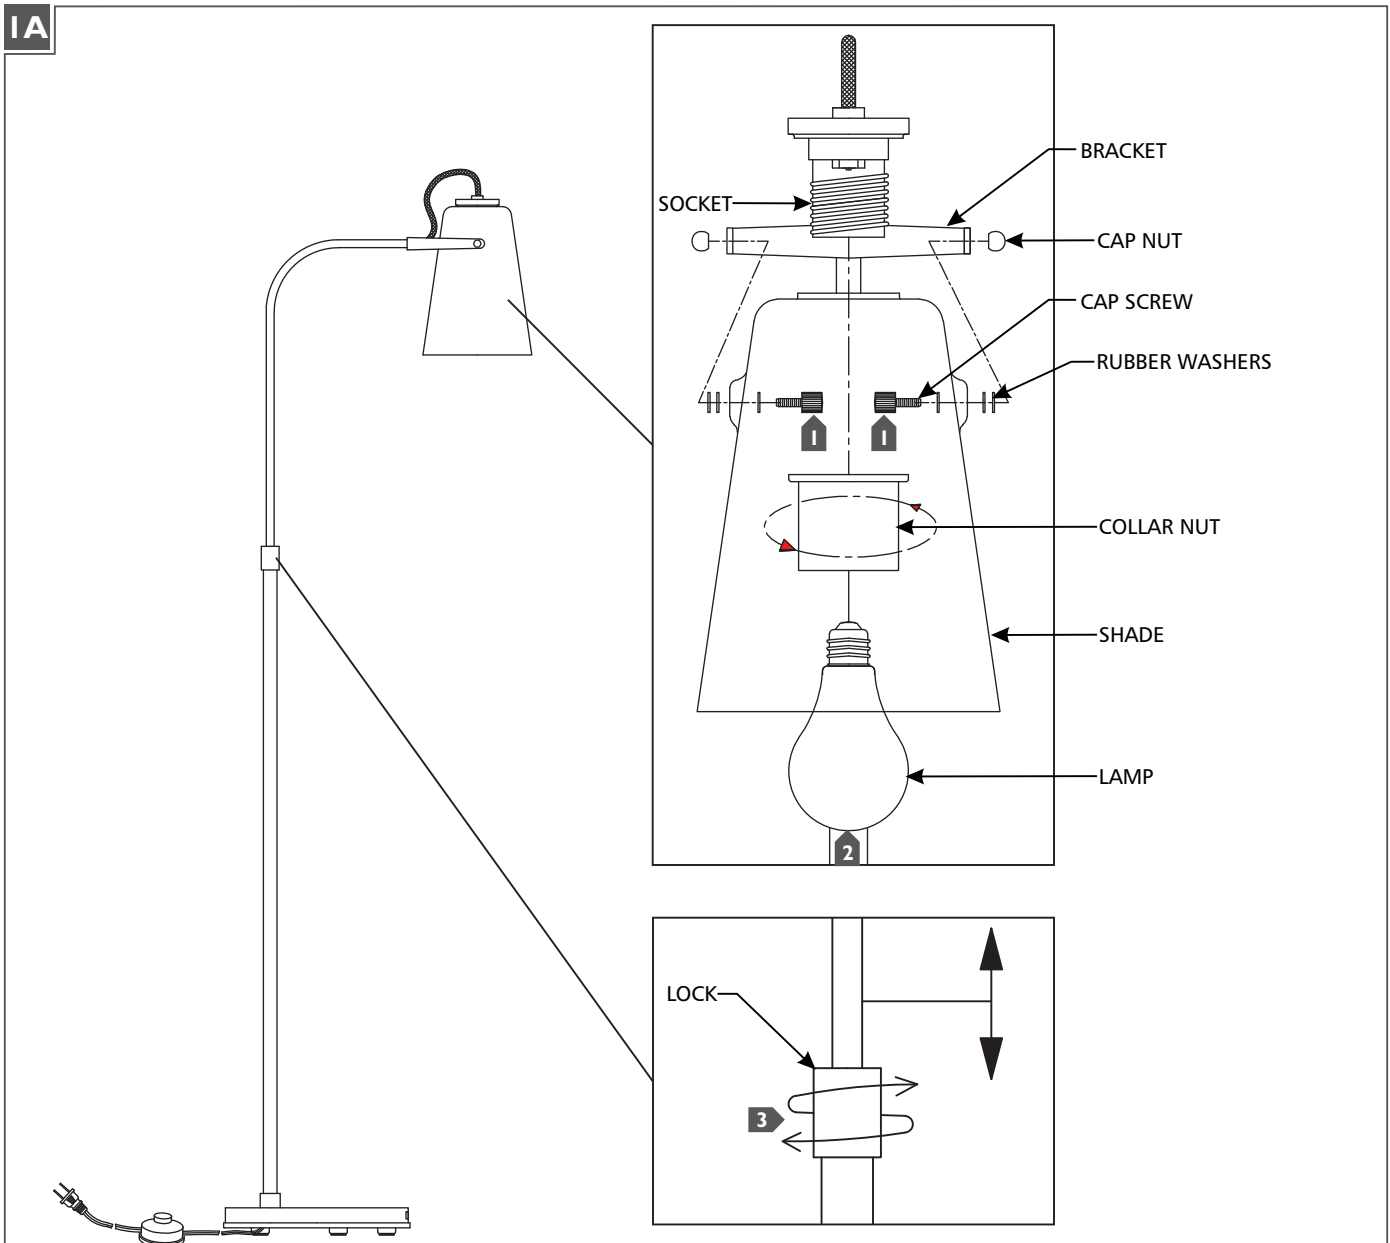

GENERAL PRODUCT INFORMATION:

This product is safety listed for dry locations only.

This instruction shows a typical installation.

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

- 1** Install the glass to the bracket, letting the socket loose over the glass, and secure the glass in place by using the knurled cap screws, rubber washers and ball cap nut as shown. Insert the socket into the glass and secure it in place by screwing the collar nut on the socket.
- 2** Screw the lamp into the socket. Refer to the label on the lamp socket for Max Wattage information.
- 3** Adjust the Height (Model LT1011 Only): Twist the lock on the lamp and adjust the height as necessary.
