**Band Width:** 9mm

**Material:** W1 Zinc Plated - W4 Stainless Steel

**Colour:** Silver

The Mini Clip, also known as the Nut & Bolt, Fuel line or Petrol Pipe Clip is tailor made for many small diameter constructions where a wide adjustment span is not necessary. Designed for smaller bore hoses with relatively low pressures to prevent against loss of liquid & sealing hoses. Available in mild steel with zinc plating W1 or stainless steel W4, these clamps have a smooth inner with a small adjustment range which forms a complete clamping circle.

ASH mini clips are ideal where little clamping force is required. Adjusted by a single bolt, available in mild steel zinc plated and marine grade 304 stainless steel. For automotive, agriculture, aviation, material handling, marine, plant & construction. Air, fuel, water, coolant, breather and PVC

7mm hexagonal head screw and is ideal for applications such for securing petrol pipes, heater and other small bore hoses.
