Installation Steps

1. Connect four wooden poles with connector together. Connect one pole with a hole on it (upper part of the poles) to another middle poles then connect middle poles to lower poles.
2. Insert the wooden poles into the canvas slots and spread the legs out to form a Teepee. The hole on the pole should be always on the top side.

3. Let the four wooden poles are closed together first.
4. Tie the rope through the hole which is closer to the rope, then through the other holes. Using the canvas rope wrap around the top of the poles to secure together.

5. Pull out the four wooden poles and leave the tent open for balance.
6. Tie back the Teepee doors and set on anti-Slip sleeve at the bottom of the wooden poles.

7. When disassembling, please untie the rope first. Then take out the wooden poles from the bottom.

Installationsschritte

1. Verwenden Sie den Verbinder, um die vier Holzpfähle miteinander zu verbinden. Verbinden Sie den Pfahl mit dem Loch darauf (Oberteil der Pfähle) mit dem anderen mittleren Pfahl, dann verbinden Sie den mittleren Pfahl mit dem unteren Pfahl.
2. Stecken Sie die Holzpfähle in die Segeltuchschlitze ein und spreizen Sie die Produktbeine aus, um ein Tipi zu formen. Das Loch am Pfahl sollte immer an der Oberseite liegen.

3. Lassen Sie zunächst die vier Holzpfähle zusammenstellen.
4. Binden Sie das Seil durch das Loch, welches sich näher am Seil befindet, dann durch die anderen Löcher. Wickeln Sie das Segeltuchseil um die Spitze der Pfähle, um sie zusammen zu verbinden.

5. Ziehen Sie die vier Holzpfähle heraus und lassen Sie das Zelt zur Balancierung geöffnet.
6. Binden Sie die Tipi-Türen zurück und stecken Sie die Anti-Rutsch-Hülse auf die Unterseite der Holzpfähle.

7. Beim Abbau lösen Sie bitte zunächst das Seil sowie. Dann ziehen Sie die Holzpfähle aus dem Boden heraus.

⚠️ ADVERTENCIA

1. Solo admite la limpieza de manchas.
2. Se recomienda la cocción al vapor antes de usar.
3. Se recomienda vaporizar o planchar para obtener una superficie lisa.
4. El toldo debe instalarse por un adulto.
5. Mantenga alejado del fuego.

Pasos de Instalación

1. Conecte los cuatro polos de madera con conector juntos. Conecte un polo con agujero (parte superior de polos a otros polos medios, luego conecte polos medios a los polos inferiores).
2. Inserte los polos de madera en las ranuras de lona y extienda las patas para formar un tipi. El agujero en el polo debería estar siempre en la parte superior.

3. Deje que los cuatro polos de madera se cierren juntos primero.
4. Ate la cuerda a través del agujero que está más cerca de la cuerda, luego pase por otros agujeros. Usando la cuerda de lona para enrollar en la parte superior de los polos para fijar juntos.

5. Saque los cuatro polos de madera y deje el toldo abierto para mantener el equilibrio.
6. Amarre las puertas de Tipi y colóquelas en la funda antideslizante en la parte inferior de los polos de madera.

7. Cuando desmonte, primero desate la cuerda y , luego saque los polos de madera de la parte inferior.

⚠ MISE EN GARDE

1. Nettoyez seulement les taches .
2. La cuisson à la vapeur est conseillée avant l'utilisation.
3. Avant de décorer ou de peindre, il est conseillé de repasser à la vapeur ou repasser par fer pour obtenir une surface lisse.
4. La tente doit être assemblée par un adulte.
5. Gardez loin du feu.

Étapes d'installation

1. Connectez ensemble les quatre poteaux en bois avec le connecteur. Connectez un poteau avec un trou (la partie supérieure des poteaux) à un autre poteau central, puis connectez les poteaux centraux aux poteaux inférieurs.
2. Insérez les poteaux en bois dans les fentes en toile et écartez les jambes pour former un tipi. Le trou sur le poteau doit toujours se trouver à la surface supérieur.

3. Laissez d'abord les quatre poteaux en bois fermés ensemble.
4. Attachez la corde au trou le plus proche de la corde, puis traversez les autres trous. En vous servant de la corde de toile, enroulez-la autour du sommet des poteaux. Utilisez la corde de toile autour du sommet des pôles pour les fixer ensemble.

5. Sortez les quatre poteaux en bois et laissez la tente ouverte pour garder l'équilibre.
6. Rattachez les portes du tipi et fixez-les sur le manchon antidérapant au bas des poteaux en bois.

7. Lors du démontage, veuillez détacher d'abord la corde et ensuite, retirez les poteaux en bois du fond.

AVVISO

1. Solo luogo pulito.
2. Si consiglia di stirare a vapore prima dell'uso.
3. Prima di decorare o dipingere, sarebbe consigliabile stirare a vapore o semplicemente stirare per ottenere una superficie liscia.
4. La tenda dovrebbe essere assemblata da un adulto.
5. Tenere lontano dal fuoco.

Passaggi di installazione

1. Collegare i quattro pali di legno con un connettore. Collegare un polo con un foro su di esso (parte superiore dei pali) a un altro polo centrale, in seguito collegare i pali centrali ai pali inferiori.
2. Inserire i pali di legno nelle fessure di tela e allargare le gambe per formare un Teepee. Il foro sul polo deve essere sempre sul lato superiore.

3. Lasciare i quattro pali di legno chiusi dapprima.
4. Legare la corda attraverso il foro più vicino a se stessa, in seguito attraverso gli altri fori. Utilizzare la corda di tela per avvolgere intorno la cima dei pali per fissarli insieme.

5. Estrarre i quattro pali di legno e lasciare la tenda aperta per l'equilibrio.
6. Legare le porte di Teepee e installare la manica antiscivolo sul fondo dei pali di legno.

7. Durante lo smontaggio, si prega di slegare prima la corda. Dopo estrarre i pali di legno dal fondo.

警告

- 1.只清洁斑点污渍。
- 2.使用前建议蒸汽熨烫。
- 3.在装饰或油漆该帐篷前建议通过蒸汽或熨斗熨烫以保证其表面光滑平整。
- 4.该帐篷应由成人安装。
- 5.远离火源。

安装步骤

- 1.将四根木质支撑杆用连接筒连接起来。将支撑杆中段通过上段小孔与上段相连，并将下段通过中段小孔与中段相连。
- 2.将木质支撑杆塞入帆布槽中，并将其张开以形成圆锥形。支撑杆上的小孔应永远置于上端。

- 3.先将四根支撑杆合拢。
- 4.将绳子穿上端小孔，并紧紧沿着小孔捆住四根支撑杆。用帆布绳缠绕支撑杆上端以保持其固定。

- 5.将四根支撑杆张开以使帐篷保持平衡稳定。
- 6.关闭帐篷门，并将防滑套筒安装在支撑杆底部。

- 7.拆卸帐篷时，请先松开绳索，然后从底部将四根支撑杆抽出。
