# AUTOMATED STATE OF THE ART TINTING SYSTEM

- Consumer operated machine, within a minute output.
- Thousands of color combinations.
- Giving customers freedom of choice for ideal colors.
- Ensuring Service and Product Quality.

## High scrub resistance

The resistance to a number of surface tensions such as scrubbing is testament to the longevity of Brighto Plastic Emulsion.

## Leaves no brush marks

The hassle of brush marks is abolished with the high viscosity of the Brighto Plastic Emulsion giving an elegant finish every time.

## 100% Acrylic based

The product is 100% Acrylic based in order to guarantee strength and resilience for your surfaces.

## Resists climatic changes

The finest quality materials used in the production of Brighto Plastic Emulsion translate into an extremely climate resistant and durable finish for your walls.

## Gives luxurious smooth finish

A luxuriously smooth finish is the defining hallmark of the exceptional grade of Brighto Plastic Emulsion.

## Leaves no bubbles and blurs

The highest quality production ensures any imperfections such as bubbles or blurs are not of any concern.

## Resists changes in temperature

Whether it's hot or cold outside, the temperature resistant qualities of Brighto Plastic Emulsion makes it an ideal.

## Recommended Base Coats

### Interior Primer

Brighto Interior Primer is a water based wall sealer which protects against alkali and moisture. It is breathable primer which allows water vapours to evaporate. It is a top quality primer for use on interior masonry surfaces such as concrete, brick work, plaster, cement and hardboards.

### Interior Filler

Brighto Interior Filler is a low VOC and Breathable high quality filler suitable for all types of interior masonry surfaces such as brick work, chipboard, hard board, plaster and cement etc. It gives more whiteness and coverage with excellent filling properties. It provides smooth finish for top coats.
