WINEMAKING

Winemaker Casey Di Cesare likes to say that flavors are made in the vineyard. That's why our grapes are left to hang on the vine to reach full maturity and flavor development before harvesting. Upon arrival at our estate winery, the grapes are crushed and fermented to dryness, resulting in zero residual sugar. Using proprietary technology, the alcohol is gently pulled from a portion of the wine. **The result?** A mindfully made wine that is zero sugar, 9% alcohol and 85 calories per serving (about 30% fewer calories than an average serving).

TASTING NOTES

When is a good time to break out the bubbly? Anytime you want! Our Positively Bubbly Rosé delights with flavors of fresh strawberry and watermelon wrapped in a package of lovely, fine bubbles and a crisp, refreshing finish. It is the perfect apéritif or paired with couscous salad, smoked salmon toast, cacio e pepe pasta or fresh berries. We know it, you know it ... **everything is better with bubbles!**
