

CROCODILE WAX

Solid polishing wax

Solid polishing wax for marble, granite, agglomerates, polished concrete. Suitable for matted surfaces and slight defects and imperfections.

Strong water repellent especially recommended for bathroom tops, coverings, tables and other small marble, granite, natural stone, agglomerates, concrete surfaces.

Suitable for matt edges and areas that are not well polished.

Coverage: 1 litre for approx. 30-40 m2 depending on the finish of the surface and on its absorption

Strong Points

- Water repellent
- Reversible
- Shiny
- Not film forming
- Restores the shine on matt surfaces
- Easy application
- Quick drying
- Manual or machine polishing
- High coverage
- Suitable for treated surfaces
- Resists cleaning with detergent
- Available in neutral or black

Application

Manual application: Apply CROCODILE WAX onto a clean and dry surface, spreading it out evenly with a microfiber cloth with circular motions. Allow to dry for approx. 10 minutes depending on the room temperature. Polish with a dry cloth or with fine steel wool.

For the ordinary maintenance of the treated surface we recommend the regular use of MGP 24 detergent.

Application with machines: Apply CROCODILE WAX onto a clean and dry surface, spreading it out under the white polishing disc. Allow to dry for approx. 10 minutes depending on the room temperature. Polish with white disc or with fine steel wool.

For the ordinary maintenance of the treated surface we recommend the regular use of MGP 24 detergent.

Warnings

Before using the product, read the toxicological data sheet (MSDS) and the label detailing all risks and the personal protective equipment to be used for a correct use. The data of this technical data sheet is based on reliable information. Despite of this, the manufacturer can't know in advance the condition of the materials to be processed and the way of use of the product. Therefore, he disclaims any and all responsibility for damage arising from inadequacy of the product for special applications.

Before treating or cleaning surfaces, carry out a test on an invisible point to prevent possible damages, since our responsibility is limited to the warranty of the purchased product and therefore we disclaim any responsibility for damages resulting from negligence or wrong use.

Packaging and Storage

Keep the original, sealed container in covered, ventilated, dry environment and keep away from heat or low temperatures. After the use keep the package well closed, so the product has a shelf life of approx. 36 months.

Box of 12 x 0.750 l tins
