NOVITÁ 2022!

INNOVATIVE DIAMOND RESIN BOND FLOOR DISCS

Diamond resin bond floor discs manufactured in our **LMA Machine** laboratories with an innovative formula for polishing any type of floor such as concrete, terrazzo and marble in a fast way. Available in **R1, R2, R3** and **LUX SPECIAL** in **75mm, 100VELCRO, 100B, 140B** diameters and **in kit**.

INNOVATIVE FORMULA

Thanks to the efficiency of this new innovative formula, we can achieve a mirror-polishing finish in just 3 steps.

NO USE OF POLISHING POWDERS

These new *R Special* resin bond discs do not need to be used with polishing powders, thanks to the final step where **LUX SPECIAL** is used: just water and the shininess is 100% guaranteed!

COMPATIBLE WITH ALL THE GRINDERS ON THE MARKET

R Special are diamond resin bond discs compatible with all the grinders.

They allow an instant grinding and polishing in just a few steps. **R1, R2, R3** is recommended for grinding on concrete, marble, natural stones and terrazzo in 3 steps.

R LUX replaces the use of polishing powder after the 3 grinding steps, and it is recommended for works on marble and terrazzo floors.

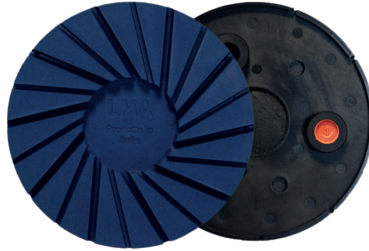

R SPECIAL: 1,2,3,LUX...

100% guaranteed shininess saving 4 steps!

R1 SPECIAL:

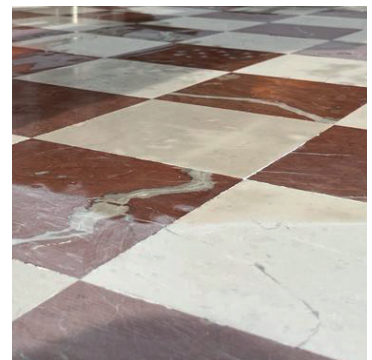

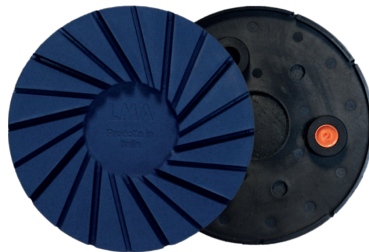

The R Special 1 diamond resin bond discs are to be used after the grit 120 metal bond. These discs can remove cement filler and epoxy. They remove scratches left in time and prepare the glazed floor. R1 are ideal to be used for outdoor areas that are not too smooth.

AFTER R1 SPECIAL

R2 SPECIAL:

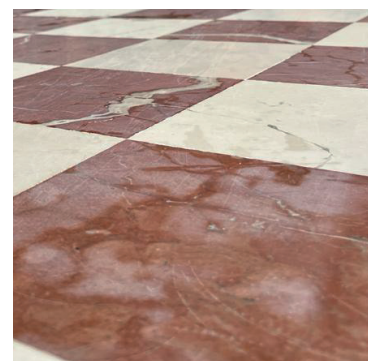

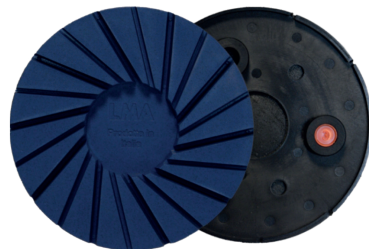

The R Special 2 are to be used after the R1. They can remove scratches, prepare the floor in order to instantly achieve a semi-gloss finish. The R2 discs are perfect for outdoor areas that are not too smooth or for indoor surfaces that are not too shiny.

AFTER R2 SPECIAL

R3 SPECIAL:

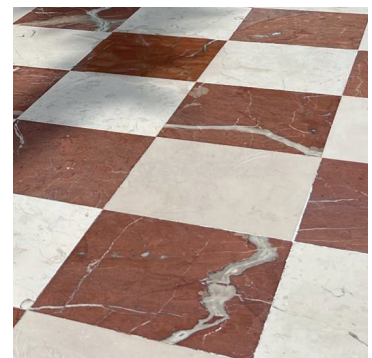

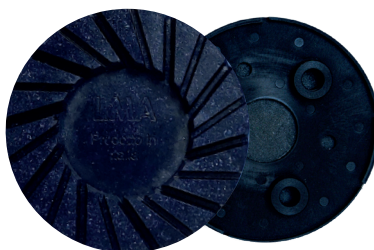

The R Special 3 are to be used after the R2. They mechanically close and polish the floor.

AFTER R3 SPECIAL

R LUX SPECIAL:

R Lux Special are to be used with marble and terrazzo only. They are manufactured to be used on areas or construction sites where the polishing powder is forbidden or hard to use. No smell, easy to use and not bulky.
