

Introducing the very best way to look after your pets health.

PalaMOUNTAINS MYBEAU® Vet Collection is a 'newly' formulated range of nutraceuticals for specific feline & canine health conditions. PalaMOUNTAINS MYBEAU® products have been scientifically formulated and validated through scientific trials by Massey University New Zealand. The tasty Patented formulation is unique to the animal supplement market by protecting the nutrients and providing a superior absorption rate of 99.5%; therefore no wastage.

Using premium quality ingredients with key nutrients provides the essential building blocks to assist with health related problems commonly experienced with domestic animals. The MYBEAU® Vet Collection range - now the ultimate in pet health care.

Multi-vitamins & minerals are important to retain good health and wellbeing by replenishing what is required in any animals diet.

A range of scientifically formulated supplements with nutrients to assist with specific health ailments.

Product of New Zealand

Dental & Breath

Skin & Hair

Vision & Optics

Bone & Joint

A range of scientifically formulated products packed with nutrients to target specific health problems.

Dental & Breath

For dental care and healthier breath.

Ascophyllum Nodosum

Immunostimulatory and anti-inflammatory actions. High in phloratannin compounds that have strong antioxidant and antibacterial properties.

Anise

Freshens breath and acts as a flavouring.

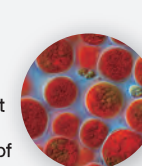

Vision & Optics

For vision care and healthier optics.

Lutein

A protective photo nutrient required in high concentration to protect it from free radical damage. Reduces risk of developing eye related macular degeneration.

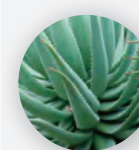

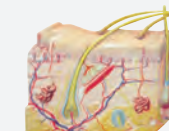

Astaxanthin

Trials suggest that Astaxanthin reduces inflammation, supports eye health & diabetic retinopathy, macular degeneration and lowers eye strain & fatigue.

Skin & Hair

For skin care and a healthy coat.

Aloe Vera

Rejuvenating, healing and soothing properties of cell damage.

Stimulating growth

Proteinogenic amino acids and anti-oxidants strengthen hair and nail structures and minimise hair breakage. Omega 3 fatty acids from Flaxseed and Salmon oils promote cellular health.

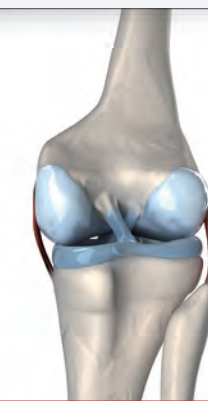

Bone & Joint

For healthy bones & joints.

Green Lipped Mussel

New Zealand unique shellfish containing a natural source of Glycosaminoglycans. It assists with natural rebuilding of connective tissues.

Dental & Breath

With added Ascophyllum Nodosum, Celery Oil and Anise as key ingredients that have been proven to provide the building blocks to support oral health in dogs and cats of all life stages.

MYBEAU® Dental & Breath also contains the important Omega 3 & 6 Essential Fatty Acids (EFA) with EPA & DHA which are important for cellular health.

Antioxidants provide protection from free radicals and assist in the healing process. Both fat & oil soluble vitamins for replenishing and maintaining a healthy liver.

For an optimum healthy coat, feed in conjunction with palaMOUNTAINS MYBEAU® Skin & Hair; apply equal amounts to the suggested quantities on the feeding chart.
