Versele-Laga headquarters, Deinze-Belgium

**1932**

*The start of a unique story.*

Everything started with **Prudent Versele**, a visionary entrepreneur who started to produce and market cattle feed on small scale.

*The building of a large-scale animal food production.*

**1957**

The second generation invested in the development of **craftsmanship and expertise** of making food for pigeons, birds and farmyard animals.

**1969**

*Entering new markets and market segments.*

The third generation focused on diversification of product lines in **food and care products for pets and performance animals**. A period of acquisitions and market expansion in Western- and Eastern Europe.

*Going overseas and building an organisation in line with the changing market dynamics.*

**2010**

The fourth generation expanded the production facilities with specialized plants in **China** and in the **USA**.

**today**

Today we are a company with 2 100 products and 10 production sites. We sell products in more than 75 countries and have sales offices in 15 different countries.

Every day we feed more than 15 500 000 animals.
