AC Power Adapter *1

Notice: AC power adapter is in the small box that is at the bottom of package.

Using Steps

Connect
the power

Add

water and 3-5 drops of essential oil

Press to adjust the LED light

A

Press to adjust the mist mode

B

Long Press

'MIST' button to power off

Mist Controlling

Power On Mist:

After power is connected, short press the 'MIST' button once. It will be set automatically at three hours misting time.

Set Mist For 3 Hours Working Time Mode:

Short press once, 'MIST' button indicator light will turn orange and now diffuser is at 3 hours working mode.

Set Mist For Interval 30 Seconds Mode:

Two short presses after powering the diffuser on, and the orange light twinkles, it means the diffuser is spraying mist every 30 seconds (It sprays 30 seconds and stops 30 seconds, then sprays 30 seconds again.)

Power Off Mist:

Power off when at 3 hours mode: Short press twice.

Power off when at 30 seconds mode: Short press one time.

Power off diffuser:

Long press 'MIST' button for two seconds, mist and light both turn off and it means the diffuser has been turned off completely.

Light Controlling

Power On :

After power is connected, short press the 'LIGHT' button once. 'LIGHT' button indicator light turns orange and color cycles after 5 seconds.

Cycle Color:

When short pressing 'LIGHT' button, the color cycles automatically every 3-5 seconds from dim to bright.

Fix Light At One Color:

Press 'LIGHT' button again after the light cycling. It will fix at one color in dim or bright mode.

Fix At Your Favorite Color:

Press 'LIGHT' button once when light cycles to your favorite color and the light will be fixed.

Adjust Color Brightness Or Dim:

Press 'LIGHT' button twice after powering the diffuser on and each time you press will adjust the color to a bright or dim status.

Power Off Light:

Long press the 'LIGHT' button for two seconds, light will be turned off alone (mist is still on).

Maintenance & Notice

Clean & Maintenance

Please clean the diffuser per week as follows:

- Unplug the diffuser and pour out the remaining water from 'DRAIN SIDE'.
- Add in 2-3 drops of vinegar to 100ml warm water (up to 70°C)
- Leave diffuser for 5 minutes and gently shake and pour out water.
- Wipe the diffuser with a dry soft cloth.
- If the diffuser will not be used for a long time, please keep it clean and dry.

Notice

- When filling water, do not exceed the max line marked on water tank.
- Please power off diffuser first before adding water.
- Diffuser will beep two times and turn off automatically when water used up.
- Please use pure natural essential oils.
- If the diffuser is leaking for any reason, please unplug the unit and pour out remaining water, shake diffuser gently to drain water inside, then dry for more than 24 hours.

Fast QAs

Q: Can I set to run light on only or mist on only?

A: Yes. Long press 'LIGHT' button for 2 seconds and light powered off; Mist runs only. Press 'MIST' twice at 3 hours working mode or press once at 30 seconds working mode for light on only.

Q: what's the 5 in 1 function of diffuser?

A: Diffusing aroma fragrance, humidifying air, purify air, night light and skin moisturizing.

Q: Does not diffuse strong enough mist.

A: It is set at a best humidity value for body to breathe in, it's wrong that the more mist it sprays, the better the diffuser is.

Q: Is the diffuser dual voltage up to 240V?

A: Yes. Its input dual voltage is at AC 100-240V, 50-60Hz and output voltage is DC 24V, 500mA.

Q: Is it BPA free?

A: Yes, it is made by PP&ABS, the same materials with baby bottles.

Q: What's the warranty?

A: Each diffuser comes with a 1-year warranty and 6-month money back guarantee.
