## ENERGETIC AND INSPIRING CHORALS FOR 2-PART CHOIRS

— By Greg Gilpin —

Whether you have a developing choir, elementary choir or even a beginning high school choir, music educators need quality and exciting choral literature for both male and female singers and the ever-changing vocal challenges of this age group. Two-part chorals are excellent "tools" to build bridges to the art of choral singing for young and inexperienced singers. They can also be valuable assessment tools for more experienced singers or at the beginning of the school year for new choirs.

**Let Music Live! Energetic and Inspiring Chorals for 2-Part Choirs** is designed to add energy, excitement and inspiration to rehearsal and performance. Ten gospel, Christmas/holiday, Latin settings, novelty, original and inspirational texts and folk and traditional songs fill this REPRODUCIBLE collection that can be used all year long. Rehearsal suggestions with warm-ups are included for each piece along with choreography and additional instrumentation for selected chorals. The online access to Full Performance and Accompaniment Only audio recordings and Singer PDF parts makes this collection a real budget stretcher!
