

HyFilm® LEO

Heavy Duty Diesel Engine Oil

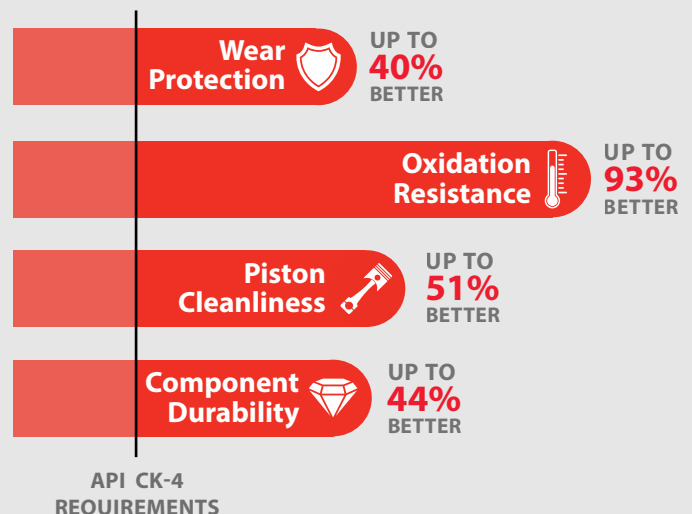

The oil choice for heavy-duty fleet owners and managers.

Your customers rely on you to deliver on time. That's why HyFilm LEO Heavy Duty Engine Oil is designed to keep your fleet running day-in and day-out year round. It offers premium, comprehensive engine protection against crankshaft, valve-train, piston and bearing wear far beyond industry and manufacturer requirements. Its excellent resistance to oxidation maximizes oil life so you can extend oil change intervals. Its multi-grade performance provides all-season performance and efficiency gains over standard engine oils. Choose HyFilm LEO Heavy Duty Engine Oil to keep your fleet's diesel engines running strong.

BENEFITS

- **Delivers maximum engine protection**
- **Outstanding thermal & oxidative stability ensures long life**
- **Greatly reduces soot and deposit formation**
- **Prevents component wear and bore polishing**
- **Minimizes oil consumption and maintains viscosity integrity**
- **All-season performance**
- **Available in: 5W-30, 5W-40, 10W-30, & 15W-40**

EXCEPTIONAL PERFORMANCE BEYOND API & ENGINE MANUFACTURER REQUIREMENTS

HyFilm Leo meets or exceeds performance criteria for the following specifications:

- API CK-4
- Cummins CES 20086
- Detroit Diesel DD 93K222
- Volvo VDS-4.5
- Mack EOS-4.5
- Ford WSS-M2C171-F1
- Daimler-AG MB 228.31

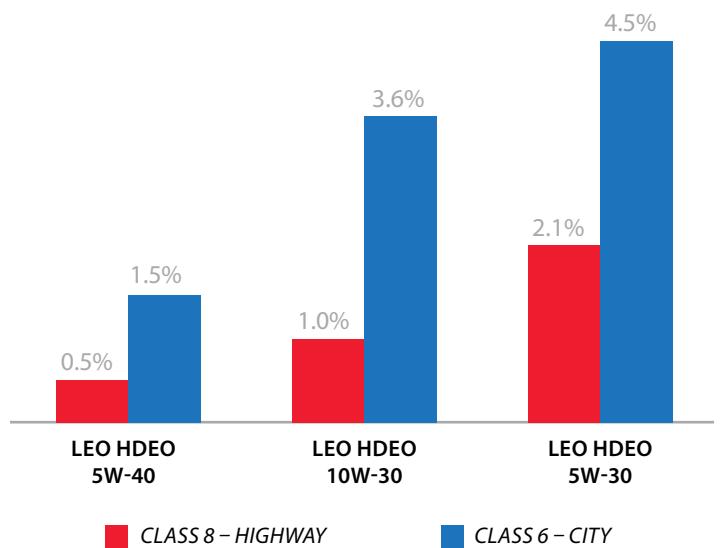

And more! (See Technical Data Sheet for full list)

CASE STUDY: HOW MUCH CAN YOU SAVE WITH HYFILM LEO?

A Hydrotex Division Partner worked closely with the Terminal Manager and Head Mechanic of a major truckload and LTL freight distribution company to address fleet maintenance concerns including the number of oil changes per truck. By switching to HyFilm LEO Heavy Duty Engine Oil, in conjunction with Hydrotex’s Lubrication Management program, this fleet of 118 trucks traveling over 6 million miles per year reduced their annual oil changes from 600 to just 133. This resulted in a 2:1 return-on-investment due to reduced oil and filter consumption, lower maintenance costs and improved fuel economy.

FUEL ECONOMY IMPROVEMENT OVER 15W-40

Hydrotex Clean Diesel Fuel Management is a data driven continuous improvement process implemented with the on-site user to overcome the chemical and physical deficiencies of diesel fuel for increased performance, reliability, sustainability, and profitability.

**TEST FUEL QUALITY • REMOVE EXISTING CONTAMINANTS
PREVENT FUTURE CONTAMINATION**

Ask your Hydrotex representative how a partnership with Hydrotex can provide the lowest annual sustainable cost of lubrication.

**IMPROVE RELIABILITY
INCREASE UPTIME
OPTIMIZE EFFICIENCY**

YOUR LUBRICATION CONSULTANT

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.
