## Hydrosynthetic® Lubricating Grease

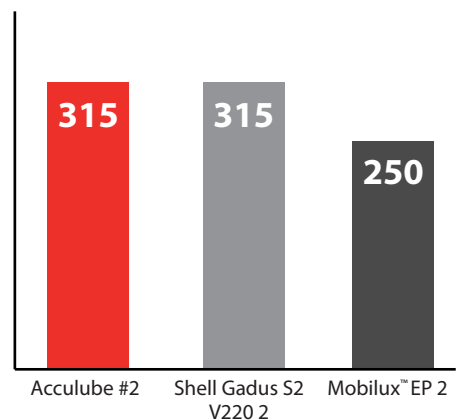

### Precision Lubrication for Industrial Machinery

How many bearings are you responsible for? A bearing failure can cost thousands of dollars in lost production. Keep your machinery running smoothly with Acculube multi-purpose grease. Acculube is for the maintenance professional who values uptime and is formulated to meet the everyday needs of industrial and manufacturing facilities. Acculube provides the anti-wear protection, resists shock loads, and seals out moisture and contamination from bearings and other critical components. It delivers reliable performance for a wide range of industrial applications and is suitable for use in automatic centralized lubricator systems. When you need a dependable general-purpose grease, reach for Acculube.

#### BENEFITS

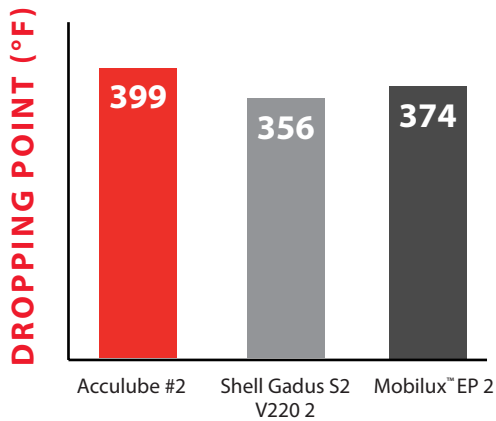

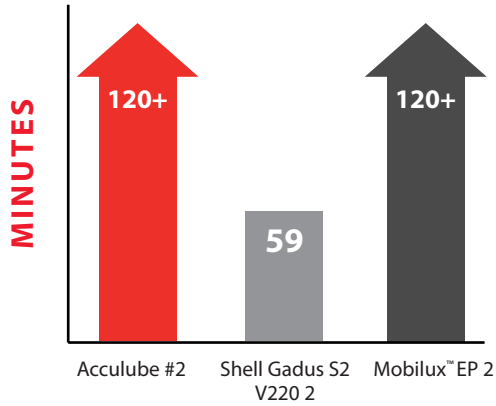

- **Strong anti-wear protection to extend equipment life**
- **Exceptional fluidity and pumpability**
- **Superior rust and corrosion resistance**
- **Adhesive formulation protects bearings from moisture and humidity**
- **High resistant to oxidation to ensure long grease life**
- **Available in NLGI Grades #2, #1, and #0**

#### 4-BALL WELD LOAD (KGF)

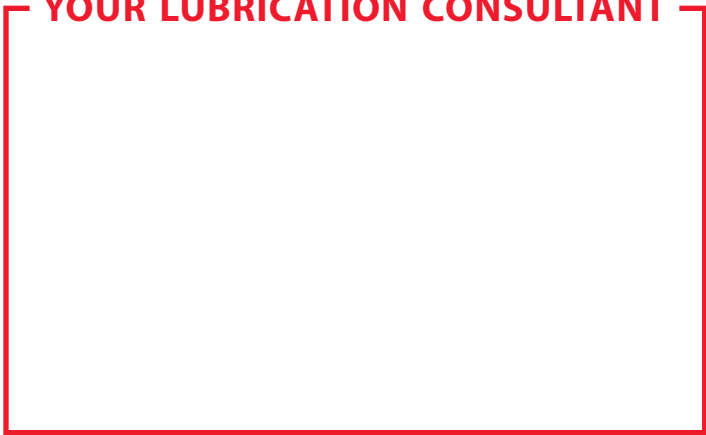

*Acculube offers long lasting protection for your bearings and resistance to oxidation!*

**OXIDATION RESISTANCE BY OIT METHOD @ 185°C**

**YOUR LUBRICATION CONSULTANT**

**For optimal results, use with:**

**SYN-NTH™ HYDRAULIC FLUID**

Your company depends on you to keep equipment running reliably and efficiently. Syn-Nth high performance lubricants provide outstanding wear protection for even the most severely loaded applications, while maximizing efficiency to reduce power consumption. An ultra-high viscosity index offers excellent performance over a wide temperature range, and superior oxidation resistance ensures both long lubricant life and prevents troublesome varnish, sludge, and deposit formation.

**PERMA**

Make grease application easier and more effective with PERMA automatic-single point lubricators. PERMA's Star Vario and Flex units evenly dispense grease over time ensuring consistent, reliable lubrication. PERMA units improve worker safety by eliminating the need for employees to access hazardous or difficult-to-access areas to lubricate machinery such as moving conveyors or rooftop fans. PERMA units come prepacked with Hydrotex greases, are easy to install, and can be set to dispense from 1 to 12 months. Ask your Hydrotex Representative for details on how PERMA products can improve your operations.

**The Hydrotex Warranty**

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.
