

Hy-Torque® HV-ATF

Automatic Transmission Fluid

For Long Lasting Driveline Protection

Maintenance professionals know that transmission issues are often the most difficult, and expensive, challenges to fleet reliability. Help your fleet's automatic transmissions withstand the test of time with Hy-Torque HV-ATF, a Hydrosynthetic® automatic transmission fluid built specifically for long lasting protection. Hy-Torque HV-ATF maintains a durable lubricating film over a wide range of operating temperatures, reducing wear in gears, bearings and clutch plates while maintaining optimal clutch engagement for a smooth shift. Extreme oxidation and thermal stability combine to provide exceptional resistance to sludging, varnish and deposit formation for maximum reliability. Hy-Torque HV-ATF is an excellent choice for automatic transmission models found in most work trucks, delivery vehicles, utility vehicles, emergency vehicles, forklifts, school buses and certain passenger vehicles.*

BENEFITS

- Offers exceptional anti-wear protection
- Provides optimal friction control for a smooth shift
- Excellent oxidation resistance allows for extended drains
- Heavily resistant to sludging and deposits
- Superior low temperature fluidity
- Recommended for a wide range of automatic transmission models*

*See Technical Data Sheet for full list of applications and OEM specifications met.

For optimal results, use with:

ESSENTIALUBE®

Keep your engine in pristine condition by flushing with Essentialube, our powerful blending agent which reduces the harmful effects of engine acids and increases engine life. Contains ashless additives and pure hydrocarbon ingredients, contains no metallic additives and will not void warranties.

POWER KLEEN™

Give new life to your diesel fuel system! Power Kleen keeps the entire fuel system clean: powerful nitrogen cleaning molecules dissolve deposits of carbon, gum and varnish in fuel injectors, lines and tanks, and prevents their reformation.

INJECTOR-KLEEN™

Keep your gasoline fleet running at peak performance with Injector-Kleen, a powerful gasoline fuel improver and fuel system cleaner that removes combustion deposits, gums and varnishes to maintain optimum horsepower, emissions and fuel economy.

Hydrotex Clean Diesel Fuel Management is a data driven continuous improvement process implemented with the on-site user to overcome the chemical and physical deficiencies of diesel fuel for increased performance, reliability, sustainability, and profitability.

PREVENT FUTURE CONTAMINATION**

About Hydrotex®

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to help improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.

YOUR LUBRICATION CONSULTANT

Ask your Hydrotex representative about how Lubrication Management can add value to your business.

- Improve Reliability
- Increase Uptime
- Optimize Efficiency
