

No. 528 Chain, Wire Rope & Cable Lubricant with Moly

Prevent Chain and Wallet Stretch

Keeping your roller chains, wire ropes and cables properly lubricated is important for maximizing equipment life, increasing uptime, and ensuring safety. Dry chains and sprockets experience wear that results in chain stretch. Dry wire ropes experience internal and external wear that can lead to broken strands, damaged sheaves and a potentially dangerous failure. No. 528 High Speed Chain, Wire Rope & Cable Lubricant with Moly blends a robust, penetrating lubricant with a tackified thickening system that prevents drippage, sling-off, water wash-off and contaminant ingress to ensure your chains and cables are always well-lubricated. Fortified with Molybdenum Disulfide, No. 528 increases chain, sprocket, wire rope and cable life.

BENEFITS

- Prevents internal wear, chain stretch and wire fretting
- Fortified with Molybdenum Disulfide to extend equipment life
- Superior capillary action penetrates and lubricates pins, bushings and cable cores
- Excellent protection from water, rust and corrosion
- Adhesive/cohesive Resilium® eliminates dripping and sling-off
- Reduces noise & vibration
- Available in bulk and easy to use squeeze bottle packaging

For optimal results, use with:

HYDRO-SYN 70

Ensure maximum protection of your most severely loaded equipment with Hydro-Syn 70. This multi-functional high performance grease is formulated to excel under conditions of high heat, high speed, vibration, moisture and severe shock loads. Hydro-Syn 70 is highly tackified to exclude water and contamination while ensuring maximum stay-in-place performance.

SYN-NTH™ HYDRAULIC FLUID

Your company depends on you to keep equipment running reliably and efficiently. Selecting a high performance lubricant can go a long way towards achieving this goal. Syn-Nth high performance lubricants provide outstanding wear protection for even the most severely loaded applications, while maximizing efficiency to reduce power consumption. An ultra-high viscosity index offers excellent performance over a wide temperature range, and superior oxidation resistance ensures both long lubricant life and prevents troublesome varnish, sludge, and deposit formation.

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.

About Hydrotex®

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to help improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.
