

Ultra-Kleen™ 604 Food Grade Chain & Cable Lubricant

Field-to-Fork Chain and Cable Protection

You take pride in providing fresh, wholesome and safe food to your customers. Protect them from accidental machinery lubricant cross contamination. Ultra-Kleen 604 Food Grade Chain & Cable Lubricant provides complete protection for your roller chain, wire rope and cable applications, and is NSF H1 registered for incidental contact with food. Thickened and tackified to prevent drippage, sling-off and water wash-off, its excellent capillary action and robust anti-wear performance ensures penetration and lubrication of pins, rollers and wire strands so you can ensure safe food without having to sacrifice your equipment life or performance.

BENEFITS

- **Fortified with Hexagonal Boron Nitride for extreme pressure protection**
- **Superior capillary action penetrates and lubricates pins, bushings, and cable cores**
- **Excellent water resistance - virtually unaffected by rain or salt spray**
- **Rust & corrosion prevention protects against moisture and humidity**
- **Adhesive/cohesive Resilium® eliminates sling-off and dry start-ups**
- **Available in easy to use squeeze bottle packaging**

For optimal results, use with:

POWER KLEEN™

Give new life to your diesel fuel system! Power Kleen keeps the entire fuel system clean: powerful nitrogen cleaning molecules dissolve deposits of carbon, gum and varnish in fuel injectors, lines and tanks, and prevents their reformation.

HYFILM® LEO HEAVY DUTY

The oil of choice for diesel farm equipment, HyFilm LEO HDEO uses cutting edge technology to maximize fuel economy and engine protection. Diesel fleet owners and managers looking to improve ROI, reduce downtime and optimize drain intervals choose HyFilm LEO HDEO to provide world-class lubrication excellence for their agricultural fleets.

AG-TORQUE

Engineered with highly refined base stocks and the latest in additive technology, Ag-Torque will provide proven performance for a variety of farm applications. Ag-Torque protects against rust, corrosion and oxidation and its anti-wear properties provide reliable performance in your transmissions, wet breaks, hydraulic systems and power take-offs.

Clean Diesel Fuel Management™

Hydrotex Clean Diesel Fuel Management is a data driven continuous improvement process implemented with the on-site user to overcome the chemical and physical deficiencies of diesel fuel for increased performance, reliability, sustainability, and profitability.

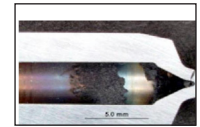

- 1 Test Fuel Quality
- 2 Remove Existing Contaminants

- 3 Prevent Future Contamination

Nozzle Deposits

Internal Injector Deposits

About Hydrotex®

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to help improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.

YOUR LUBRICATION CONSULTANT

- Improve Reliability
- Increase Uptime
- Optimize Efficiency

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.
