

Power Kleen™ Arctic

Cold Weather Diesel Fuel Improver

LUBRICANTS FOR
A HEALTHIER
PLANET

Don't Get Stuck in the Cold

Prevent winter weather fuel issues with Power Kleen Arctic. Power Kleen Arctic contains anti-gelling agents that modify the structure of wax crystals found in diesel fuel to stop low temperature fuel gelling in its tracks. Its potent de-icers scavenge dissolved and entrained water to prevent fuel line freezing and filter icing. In addition, its powerful NitroGenesis™ cleaning molecules dissolve deposits of carbon, gum and varnish to keep your injectors and fuel system running cleanly and efficiently. Power Kleen Arctic winterizes your diesel fuel more efficiently and cost effectively than kerosene or #1 diesel, and with a typical 5% improvement in fuel economy, it pays for itself with fuel savings.

BENEFITS

- Prevents fuel gelling, filter icing and fuel line freeze up
- Lowers CFPP of diesel fuel by up to 36°F
- Cleans fuel system and injectors
- Recovers lost fuel economy and power by up to 10%
- Improves Cetane up to 8 numbers
- Improves engine startup and smooths idling
- Reduces soot and exhaust emissions up to 70%
- Adds lubricity to prolong fuel pump and injector life

Because fuel quality varies, Hydrotex offers Diesel Fuel Testing and Analysis to proactively determine the effect of Power Kleen Arctic on your fuel.

The wax crystals in untreated diesel fuel easily clog filters.

Cold Filter Plugging Point: 12° F

Treating with Power Kleen Arctic modifies wax crystals in diesel fuel to prevent filter plugging.

Cold Filter Plugging Point: -23° F

Power Kleen Arctic keeps your diesel fuel system clean to ensure optimum performance, fuel efficiency, and reduction of emissions.

About Hydrotex®

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to help improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.

YOUR LUBRICATION CONSULTANT

For optimal results, use with:

HYDRO-SORB II

Protect your fuel tank and fuel system from the damaging effects of water contamination by using Hydro-Sorb II, a powerful water dispersing co-solvent that keeps your fuel tanks dry. Hydro-Sorb II disperses moisture on the molecular level, keeping it safely held in solution with the fuel until it can be sent out the exhaust with the combusted fuel.

DONALDSON CLEAN DIESEL KITS

Donaldson Clean Diesel Kits are the answer to your fuel cleanliness worries. You can't always control the cleanliness of diesel fuel delivered to you, but you can control how clean it is when you pump it into your vehicles and equipment. Donaldson Clean Diesel Kits are easy to install on any fuel dispenser and come with everything needed to filter out even the finest contaminants before they enter your equipment's fuel system. Provides filtration to ISO 14/13/11 diesel cleanliness in a single pass.
