

PARADISO

THE ULTIMATE DESTINATION FOR LUXURY FLOORS

Paradiso Specifications

Linear Elegance Collection

Style Name	Linear Elegance
Pile Weight (ASTM D 5848)	59 oz/sq/yd
Total Weight (ASTM D 5848)	83 oz/sq/yd
Construction	Hand Loom
Fiber	100% NZ Wool
Pile Height (ASTM D 418)0.12"
Total Height (ASTM D 418)0.24"
Count and Plies	30 Count High Twist
Dye Method	Hank Dyed
Pitch Width	4 stitches per inch
Rows Length	7 stitches per inch
Width15'
Primary Backing	Polypropylene Action Bac
Pattern repeat Width6.11"
Flammability (CPSC FF 1-70; 16CFR 1630; ASTM D 2859-96)	pass
Smoke Density Test (NIST 708; NFPA 258; ASTM E 662-97)	pass
Flooring Radiant Panel Test (ASTME 648-99); FTM 372; NFPA 253)	pass
Country of Origin	India

Fluffing or shedding is a normal occurrence with fine broadloom and natural fibers and does not affect the overall performance of carpet. Shedding will dissipate with routine vacuuming. Roll crush is a temporary flattening of carpet pile and can occur with all carpet.

Roll crush marks are characterized as a perceived change in the color across the width of carpet that appear darker when viewed from one direction and lighter when viewed from the opposite direction.

This is not a manufacturing defect and is usually self correcting by allowing the newly installed carpet to “blossom” as it adjusts to the ambient conditions.

Increasing the relative humidity in the room to 50% or more along with routine vacuuming will expedite pile recovery.

Care and Maintenance: Proper and routine vacuuming of carpet is the best way to keep carpet clean.

A vacuum with brushes can be used. It is important to note that the vacuums brush height should always be set to the maximum height so that the brushes only come into contact with the tips of the surface pile.

Overly aggressive agitation of a vacuum can cause damage to all fine carpets and or natural fibers. When spot cleaning carpet always test colorfastness in an inconspicuous area.

Always remove any solids before attempting to clean. For liquid spills gently blot the spot with a clean absorbent white cloth. Do not rub the spot or use a colored towel or cloth as this could result in damage to the area. For cleaning of large areas, rooms or deep cleaning seek a reputable professional carpet cleaning company with specific knowledge of cleaning the specific fiber of your carpet.
