What makes us Friendly?

Together with Good Shipping, we are decarbonising the Friendly Soap supply chain by actually replacing freight fossil fuels with truly sustainable alternatives. Our aim here is to take a different and innovative approach by actually changing the fuel mix, shifting away from fossil fuels and tackling the problem at its roots. www.goodshipping.com

We are a Living wage Employer. Accredited Living Wage employers have been certified by the Living Wage Foundation. A living wage employer ensures that all employees aged 18 and over, including certain classes of contracted staff, are paid at least the living wage. The employer also agrees to increase the amount which it pays to employees by the same amount as any increase in the living wage within six months of the date of the official announcement. For more information visit: www.livingwage.org.uk

The Fair Tax Mark certification scheme was launched in February 2014 and seeks to encourage and recognise organisations that pay the right amount of corporation tax at the right time and in the right place. They operate as a not-for-profit social enterprise and believe that companies paying tax responsibly should be celebrated, and any race to the bottom resisted. Our pallets are eco-wrapped. Omegatech® – Protecting the environment from waste plastic. Omegatech® Bio is a high strength oxo-biodegradable pallet wrapping film that offers outstanding pallet stability but is able to break down in natural conditions, helping to reduce the world-wide issue of plastic waste.

Ethical Consumer Best Buy Label. At the heart of the ethical consumer movement, since 1989. They are an independent, not-for-profit, multi-stakeholder co-operative with open membership, based in Manchester. Consumer product labels now appear on an increasing number of ethical products and services. The Ethical Consumer Best Buy Label helps shoppers choose genuinely ethical products and services. It's a unique label that looks in detail at the ethical record of the company behind the product and the environmental and ethical record of the product itself.
