

FLUTTER acoustic suspension panel

Decorative, noise reducing drop panels inspired by lily pads blanketing the surface of a pond. Its felt construction facilitates sound absorption and dissipation, to produce a calmer environment for work or relaxation. Hang in clusters, and with the complementary pendant light, to create a feature ceiling.

Year:	2019, reissued 2023
Designer:	Studio Hemal Patel, UK
Materials:	Recycled PET
Finishes:	Range of colours available
Customisation:	Custom colours possible
Provenance:	Germany
