CHANGING THE TYPE SETTING FOR THE SW-RS

1. With the scale turned off hold the **"ZERO"** key and turn the scale on.

2. When **"U SEt"** appears release the **"ZERO"** key. Press the **"ZERO"** key and the display will show **"tyP X"**, where X is the current type setting. Use the **"TARE"** key to select the type to be used.

TYPE	DESCRIPTION
0	Most POS, ECR's and some TEC POS systems
1	Not available
2	Sharp ER-Axxx, ER-A450T, Newer Sanyo ECR's using RS-232 and others
3	Not available
4	CRS, NCR2170, Samsung ER-5100,5115, CASIO and many other ECR's
5	NCI general, Samsung ER-5100,5115, CASIO and most POS software
