## WHAT IS NOT COVERED BY THIS LIMITED WARRANTY?

You must properly care for your new floor using the Care for "Doma Hardwood" instructions found on domaflooring.com. The Limited Warranty provided by us does not cover the conditions described below, including those which are caused by improper installation, use or maintenance:

1. Reduction in gloss, marks, scuffs, scratches, gouges, dents or cuts, including, without limitation, those caused by pets, spikes or high heeled shoes.
2. Damage caused by (i) negligence, accidents, and/or accidental or intentional misuse or abuse (i.e., dragging object across the floor without proper protection), and/or (ii) caster wheels or vacuum cleaner beater bars.
3. Failure to support furniture with floor protectors that are at least one inch in diameter, made of non-staining felt or non-pigmented hard plastic, rest flat on the floor and are replaced regularly.
4. Wear caused by pebbles, sand or other abrasives; construction traffic; or failure to maintain the floor as required.
5. Splits, cracks, grain raising, checking, edge fracturing, splintering, chipping, buckling, end lifting, swelling, shrinking, cupping and bowing that occurs during or after the floor has been installed and as a result of abuse, misuse, improper maintenance or care, exposure to excessive moisture or improper environmental conditions (i.e., low or high humidity). Natural expansion and contraction resulting in separation between boards or damage caused by low or excessive humidity are also not covered by this Limited Warranty. The use of a humidifier/dehumidifier may be necessary to maintain the proper humidity level between 30%-50%.
6. Damage caused by fire, flooding, and other natural disasters and Acts of God.
7. A product deformity that is not measurable or that is visible only under certain light or from a certain angle is not considered a defect and therefore, is not covered by this Limited Warranty. Visible defects should be evaluated by their visibility from a standing position in normal lighting.
8. Natural wood characteristics such as variations in grain, color, mineral streaks, knots, normal differences between color of samples and the color of installed floors, and color variations from board to board. Hardwood is a natural product with inherent character and variation.

9. Variations in color, such as:
  - a. Color, shade, or texture variations between samples, printed color photography or replacement flooring and the actual material. Although we make every attempt to accurately reflect the potential variation in our samples, hardwood's natural character and variation make it impossible to fully reflect all possibilities you can see in a finished installation.
  - b. Color variations between flooring and/or samples and other flooring or wood products, which you wish to match (e.g., cabinets, stair railings, trim, etc.).
  - c. Changes in color due to aging, excessive moisture, exposure to sunlight or Ultra-Violet rays (which may cause oxidation of finish/stain). Certain species including, but not limited to, American Cherry, Walnut, Brazilian Cherry, Acacia, Tigerwood, Santos Mahogany and African Mahogany are especially susceptible to color change. Area rugs should be moved occasionally, as they block sunlight and may give the appearance of discoloration under the rug.
10. Floors that are installed in other than owner-occupied or tenant-occupied residences.
11. Commercial installations of residential products not specified as appropriate for light commercial.
12. Deficiencies related to subfloor/floor joist assemblies, subfloor preparation materials, and fasteners including, but not limited to, uneven subfloor surfaces, floor deflection or voids in the subfloor.
13. Moisture or damage to the subfloor or surrounding structure(s), walls, fixtures, furniture, underlayment, moldings, trims, subfloor heating elements, or anything that is not the structural integrity or dimensional stability of the floor.
14. Floors damaged by subfloor moisture or water damage, including without limitation, due to broken or leaking water pipes, flooding, wet-mopping spills or weather conditions. Mold and mildew growth or damage resulting therefrom is also not covered.
15. Wood flooring installed in full bathrooms with a shower or tub.
16. Construction- or installation-related damage.
17. Noises including, but not limited to, squeaks, popping and the like. Some level of noise is inherent in all hardwood floors. Excessive noise, such as squeaking and popping is usually caused by environmental factors or installation issues not attributable to the product itself.
18. Installation defects, including installations made (i) in violation of applicable state or local housing or building codes, or (ii) contrary to written instructions. **NOTE: YOU AND YOUR INSTALLER ARE RESPONSIBLE FOR INSPECTING THE FLOORING PRIOR TO INSTALLATION. WE ACCEPT NO RESPONSIBILITY FOR LIABILITIES, CLAIMS OR EXPENSES, INCLUDING LABOR COSTS, WHERE FLOORING WITH VISIBLE DEFECTS HAS BEEN INSTALLED.**
19. Products designated as "thrift," "antique," "tavern," "bargain," "cabin grade," "seconds," "economy grade," "close-out," "off- goods" or "non-standard." Such products are sold "AS IS."

## WHAT ARE YOU RESPONSIBLE FOR UNDER OUR WARRANTY?

To be covered under this Limited Warranty (except under the Pre-Installation Defects Warranty found in the Footnotes) you need to retain your sales slip and make sure the flooring is properly installed, used and maintained in accordance with our installation instructions.

You must properly care for your new floor using the Care for "Doma Hardwood" instructions found on [doma flooring.com](http://doma flooring.com). We recommend you use only our specially formulated floor care products to preserve your flooring. Use of floor care or sundry products (i.e. adhesives) other than those we have specially formulated and recommend for use with our flooring products may damage your floor and may void this warranty.

## HUMIDITY'S IMPACT ON YOUR FLOOR

To protect your investment and ensure your floor provides lasting satisfaction, the following precautions should be taken to help control humidity levels in and around your floor. For best results, keep the relative humidity in your home between 30% and 50%.

- Heating Season (Dry Conditions) – A humidifier is recommended to prevent excessive shrinkage in hardwood floors, which causes gaps between the boards, due to low humidity levels. Wood stoves and electric heat tend to create very dry conditions.
- Non-Heating Season (Humid and Wet Conditions) – To prevent excessive expansion, cupping and peaking of the floor, which could lead to cracking and checking of the wood finish, maintain proper humidity levels with the use of an air conditioner, dehumidifier or by turning on your heating system periodically during the summer months. Immediately wipe up spills and wet areas to avoid excessive exposure to water. Do not obstruct in any way the expansion joint around the perimeter of your floor.

## WHAT WILL WE DO IF A COVERED WARRANTY EVENT ARISES?

If any of the covered events listed in this Limited Warranty occur within the warranty periods specified for the respective flooring product, we will recoat, refinish, fill or furnish comparable flooring (of our manufacture and of similar color, pattern, and quality), for either the repair of the defective area or the replacement of the floor, at our option. In the unlikely event we are unable to correct the problem after a reasonable number of attempts, we will refund the portion of the purchase price for the section of failed flooring. If your floor was professionally installed, we will also pay reasonable labor costs for the direct repairs or replacement within the first five years of the warranty period, or the length of the warranty period, whichever is less, based on the following schedule:

- First two (2) years of warranty period: labor reimbursed at 100% of reasonable and customary charges.
- Three (3) to five (5) years of warranty period: labor reimbursed at 50% of reasonable and customary charges.

The above statements provide the exclusive remedies under this Limited Warranty if a defect or other warranted condition occurs. We reserve the right to verify any claims or defect by inspection and have samples removed for technical analysis.

## WHAT SHOULD YOU DO IF YOU HAVE A PROBLEM?

We want you to be happy with your floor purchase. If you are not, call your retail store first. They can answer your questions and, if necessary, start to process a claim.

We work with distributors all over the country to make our products widely available. We sell our products to distributors, and distributors sell our products to local retailers and contractors.

### STEPS TO FILING A CLAIM:

1. Return to your retailer with your original proof of purchase.
  - a. If your floor was installed as part of a new home build, you may use your style selection sheet or your closing documents as your proof of purchase. If your retailer information is not included in these documents, contact your builder.
  - b. If your retailer is out of business, please call (888) 348-3500 so we may assist you in finding a new retailer.
2. The claim will be evaluated.
  - a. Distribution Retailers: Your retailer will need to contact its distributor representative to get the claim filed. The retailer or distributor representative may inspect your flooring or request pictures or uninstalled samples showing the issue.
  - b. Lowes, Home Depot or Direct: Your retailer will need to call us directly to file the claim. At that time, your sales associate may request pictures or uninstalled samples. An inspection of the flooring in your home may be required.
3. A claim determination is made.
  - a. Distribution Retailers: We will send the evaluation of the claim to your retailer's distributor, who will then share the results with your retailer. Your retailer should call you within 48 hours of receiving the determination to inform you of the decision.
    - i. If your claim is approved, please work with your retailer to order new material and schedule the reinstallation, if applicable.
    - ii. If your claim is not approved, you will receive a letter explaining why. You will also receive an inspection report if your home was inspected by a Technical Services Manager or a third-party inspector.
  - b. Lowes, Home Depot or Direct: The claim determination and any relevant inspection reports will be sent directly to your store. They should contact you within 48 hours to inform you of the decision.
4. Appealing your Claim Determination:
  - a. If you do not agree with your claim determination, please contact our Customer Advocates by calling (888) 348-3500 and selecting the option for Warranty, or by emailing your concerns to [info@domaflooring.com](mailto:info@domaflooring.com).
