Email:

☐ I request high volume manufacturing of a catalogue electrode

Catalogue reference:

Quantity:

☐ I request the manufacturing of a customized electrode

1. Electrode type: ☐ Screen-printed electrode ☐ Interdigitated electrode

2. Substrate Material: ☐ Ceramic ☐ White plastic ☐ Transparent plastic
☐ Other substrate (please specify):

3. Substrate size (dimensions in mm):

4. Requested quantity:

5. What electrodes are required, and what material?

☐ Working electrode #1 material:

☐ Working electrode #2 material:

☐ Additional working electrodes material:

☐ Auxiliary electrode material:

☐ Reference electrode material:

☐ Other specifications:

6. Material of the electrical contacts (usually Ag):

7. Dielectric around electrodes? ☐ Yes ☐ No

8. Please attach a rough sketch of your design including all dimensions.

9. Standard DropSens connector design?* ☐ Yes ☐ No

**If NO, please provide details of the desired connector-pads design to your attached sketch.*

Please send the filled document to: info@m-oem.com and we will contact you as soon as possible
