Boveda® BUTLER

YOUR STORAGE, SMART.

USER'S GUIDE

SETTING UP YOUR
BOVEDA BUTLER

BOVEDA APP 1

Download the Boveda App
from the Apple App Store
or Google Play.

DOWNLOAD FREE APP

bovedainc.com/app
TURNED ON 2

Make sure Bluetooth® is turned
ON and you have internet
connection.

*For android devices, also turn
Location Services ON.*

OPEN APP 3

If you have an existing Boveda
account tap "LOGIN".

If you are a new user
tap "CREATE ACCOUNT".

BOVEDA BUTLER & CALIBRATION KIT (4)

Have your Boveda Butler and One-Step Calibration Kit ready for this process.

REMOVE PULL TAB (5)

Remove the pull tab from the Boveda Butler. If the front does not have a blinking light or if the pull tab was previously removed, remove the battery & re-insert.
LINK/ADD BOVEDA BUTLER (6)

From the page titled "My Valuables" tap the plus icon on the top right. Then tap "Link a Sensor".
Link Complete

Link Failed

TAP CONTINUE 7

If the Boveda Butler was able to link tap "CONTINUE".

If the Boveda Butler failed to link, remove and re-insert the battery to reset it and tap "RETRY".

CONTAINER DETAILS 8
Enter the requested information then tap "CONTINUE".

SET UP REMINDER OR SKIP 9

Tap "GET STARTED" to set up a reorder profile that reminds you before you run out of Boveda.

Or tap "SKIP" to see your container's quick view on the "MY VALUABLES" screen.
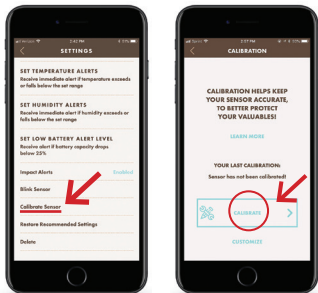

LOCATE SETTINGS PAGE **10**

From the "MY VALUABLES" page tap your container on the left, then tap the gear icon in the upper right.

LOCATE CALIBRATE SENSOR **11**

Scroll down to tap "Calibrate Sensor", then tap "CALIBRATE".

1 POINT CALIBRATION **12**

Have your One-Step Calibration Kit ready and tap "Yes, 1 point".

START **13**

Place the sensor inside the One-Step Calibration Kit and seal it. Tap "I'M READY, START!"

WAIT 24 HOURS **14**

Start   Complete

Calibration will continue automatically.

The app will notify you upon completion.

INSTALL IN HUMIDOR **15**

Mounted   Unmounted

When the sensor has completed calibration, use the Velcro® strips included to mount the sensor in your humidor or just lay it in with your cigars.

SETTING UP
REMOTE MONITORING

Want to check on your valuables while you are not home?
Set up remote monitoring using a second compatible
smart phone or tablet.

The second compatible device could be a tablet or an old,
unlocked smartphone you are no longer using.
(at least iOS 10.0 or Android 5.0)
SETTING UP REMOTE MONITORING

BOVEDA APP **1**

On your second device
(phone or tablet), download
the Boveda App from
the Apple App Store
or Google Play.

**DOWNLOAD
FREE APP**

bovedainc.com/app

TURNED ON **2**

Make sure Bluetooth® is
turned ON and you have
internet connection.

*For android devices turn
Location Services ON.*

OPEN APP **3**

Use the same login information
from your first device.

✳ TURNED OFF **4**

On your first or primary device, turn Bluetooth® temporarily off.

OPEN "MY VALUABLES" **5**

On your second device (phone or tablet), from the "MY VALUABLES" screen, wait for the Bluetooth icon to appear in the upper right hand corner for your container.

CONNECT TO POWER **6**

Connect the **second device** to a power source and leave within Bluetooth range of your Boveda Butler.

For iOS devices, the Display & Brightness settings may need to be set to "never" to keep a steady connection.
