## **Specifications:**

*Quarter Arcade USB Hub:*

*Dimensions: 190 x 176 x 449 mm*

*Input: 5V - 10A*

*Output: Maximum 5V - 7.5A*

*Adapter:*

*Cable Length: 1.2 meters/3.93 feet*

*Included Plug Types: UK, EU, US, and AU*

*Input: 100-240V, 50/60Hz, 1.4A*

*Output: 5.0V/10A*

## **USB Hub Functions:**

*Power the Quarter Arcade USB hub using the provided DC adapter.*

*Upon doing so, the power LED and all backlighting will activate.*

*Connect up to five game consoles simultaneously to the Hub through the USB ports at the rear of the Quarter Arcade console.*

*Note: The USB Hub primarily functions as a power distributor and does not support data transfer.*

## **Can-Dispensing Function:**

*Insert Mini Cans into the Can slot at the rear of the USB Hub.*

*To dispense a can, simply press the "Dispense" button; each press will release one can.*

*The USB Hub can hold and dispense up to eight Mini Cans, adding an element of fun during game time.*
