

IMPORTANT! Safe, Responsible Muzzle Use

RESPONSIBLE USE: Please remember, the QUICK MUZZLE® is a temporary restraint designed to reduce the risk of bites, but as with any restraint, it isn't foolproof. A muzzle is to be used with another method of restraint, with the animal handler holding the ultimate responsibility for safe control.

SUPERVISED, SHORT-TERM USE: With a proper, snug fit, the animal's ability to pant is reduced, which could compromise the animal's natural cooling system, as well as restrict its ability to clear its airway should it become blocked. Under certain conditions, this could produce a life-threatening situation.

The muzzle should fit snugly around the snout for the most reliable bite control.

Because of the great size variety within a breed, the **END OF SNOUT CIRCUMFERENCE** is the most accurate measurement to find a comfortable, yet secure fit.

The **MUZZLE LENGTH** noted below will provide additional sizing accuracy.

Quick Muzzle® Sizing Guide

The Original Quick Muzzle® & The Cozy Quick Muzzle®

The original QUICK MUZZLE® simplifies muzzle application when speed is essential, reducing the risk of animal bites. Our temporary-use muzzles are designed for grooming, treating, training or any humane situation when it's necessary to briefly stop inappropriate behavior. For the ultimate in pet comfort, the COZY QUICK MUZZLE® adds a fleecy-soft nose pad. The high-impact Delrin® plastic buckle or hook-and-loop closure allow for faster, safer handling. All QUICK MUZZLE® styles are made of durable, washable, light-weight nylon pack cloth.

Choose from 10 sizes for average-snouted breeds from Chihuahuas to Giant Mastiffs.
