

GardenSoxx®

Start Growing Anywhere

This innovative system allows you to start growing anywhere without the need to prepare the ground.

GardenSoxx® offers a versatility and ease-of-use perfect for all your gardening activities. This low cost and low maintenance growing system allows you to maximize your production with little investment.

Simple and easy - make gardening an activity and learning experience the whole family can enjoy together!

-  Better control over nutrient content of the soil.
-  Prevents weeds from growing.
-  Ultra-durable mesh fabric provides drainage, optimum ventilation and temperature for a healthier root system and more productive crops.
-  An integrated drip system allows you to optimize your crop irrigation.
-  Reusable for multiple harvests.

Made in the USA in a carbon-neutral facility.
