Better Products. Better Science.

Ancare Corp is a family-owned business that was established in 1965 as a source for all products utilized in the animal research industry. Today, Ancare leads the industry with manufactured stainless steel, plastics and Nestlets, as well as custom items and a large inventory of stock products. Ancare's responsive and personal customer care experience is orchestrated by a team of industry professionals with superior product knowledge. The Ancare team is dedicated to the care and comfort of lab animals and to the research field that creates life changing and life sustaining innovation.

CUSTOM STAINLESS STEEL CAGES

Ancare's exclusive stainless steel manufacturing plant allows us to build and customize caging to best suit your needs. Below are just some examples of cages we can build to your specifications using type 304 stainless steel with welded construction and glass bead blast finish.

LARGE ANIMAL TRANSPORT CART

Made to order. Suitable for transporting dogs, pigs, sheep or other large animals.

Available Options Include:

- Non-slip ramp to allow animals to walk in or out.
- Side guillotine doors for easy access.
- Top opening swing doors for top access.
- Removable floor and pans for easy cleaning.
- 5" stainless steel casters (two with brakes).

Custom Large Animal Transport Cart

RABBIT CAGE RACK

Made to order.

Available Options Include:

- Hinged doors with solid lower panel.
- 3" x 5" cardholder welded to doors.
- Five square feet of interior floor space.
- Removable J-style feeders.
- Removable pans and floors for easy cleaning.
- Removable cage dividers (stainless steel or Lexan).
- 5" stainless steel casters (two with brakes).

ANRR2760SS6 Custom Rabbit Cage Rack

BIRD CAGE RACK

Made to order for a wide range of birds, including pigeons and finches.

Available Options Include:

- Removable partitions and floors to increase interior space.
- · Removable pans.
- Heavy duty floors.
- Swing or guillotine doors.
- 5" stainless steel casters (two with brakes).

BEDDING, NESTING & ENRICHMENT PRODUCTS

NESTLETS

Ancare's Nestlets are the industry standard in nesting material. They have been found to reduce stress levels in research mice⁽¹⁾, to help meet and maintain the Thermal Neutral Zone of the mice⁽²⁾, and to be a great indicator of an animal's overall health⁽³⁾.

- Pulped cotton fiber.
- Dust-free, chemically inert, odorless, and non-ingestible.
- · Autoclavable.
- Pricing is per case (includes 100 sheets that are scored to break easily into a total of 3,600 Nestlets, each 2" square).

CATALOG #	1 - 4	5 - 9	10 - 26	27 - 107	108 +
NES3600	\$360.00	\$328.00	\$308.00	\$298.00	\$288.00

PLASTIC ENRICHMENT HOUSES

Suitable for mice. Sold individually.

- Material: Hi-temp polycarbonate.
- Washable, autoclavable and storable in standard bottle baskets.
- Tinted red for light reduction.
- Open bottom allows for contact with bedding.
