GT Games Buylist Submission Sheet

Ship your trade-in items to our store for processing. Sellers are responsible for shipping costs.

****Important! - if trading in cards, please submit an online buylist before shipping the items.**

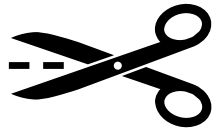

Once items have been shipped to our location, all you need to do is wait for our team to receive the shipment and start processing your trade.

We will verify the condition, accuracy, and current value of items traded in. Once processed, you will receive a notification if items have been accepted or need an adjustment. This process usually takes between 1 and 3 weeks from the time of shipping. Estimated trade-in values for cards and video games are updated on our sell/trade page at gtgames.ca.

Once confirmed, we will either process a cash payout or apply a **30% bonus to store credit onto your customer account** depending on your indicated preference!

Questions? Contact us at info@gtgames.ca or [1-855-482-4263](tel:1-855-482-4263) for assistance.
