The curve specialists

HERMA glue dispensers are the innovative and effective solution for all situations. They are available in the permanently adhesive version for permanent adhesion and as a removable version, ideal if you want to stick something and then remove it again later. The glue dispensers guarantee quick, clean and precise gluing on paper, cardboard and many other surfaces and are therefore ideal for the office, school, handicrafts, mounting photos or creative work with cork, foil and other materials.

Transfer glue dispenser: these with the glue dots

VARIO tab dispenser: mounting specialists with self-adhesive paper stickers

The ergonomic dispenser fits comfortably in the hand and is easy to open, making it convenient to replace the glue roll when needed. There is a matching refill roll for every glue dispenser – that is practical and sustainable at the same time. Simply insert the new roll and you're ready to go. By the way, all HERMA glue dispensers are also suitable for left-handers.

Glue Dispenser transfer, permanent

- Clean and accurate gluing of many materials and surfaces
- Permanent adhesive, free from solvents and acids
- Easy to use, even for small children's hands
- 15-metre refill roll included
- Available in the colours blue and anthracite

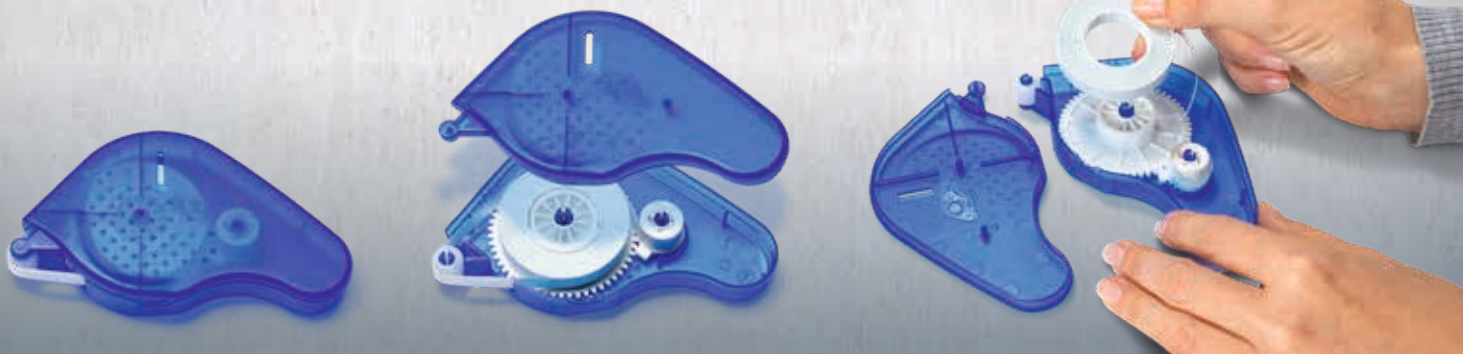

Description	Colour	Order No.	MOQ 1 piece
Transfer, permanent, filled with 15 m roll			
Transfer glue dispenser blue	Blue	1013	4 008705 010139
Transfer glue dispenser anthracite	Black	1014	4 008705 010146
Refill roll, permanent, 15 m long, 9 mm wide			
Refill roll	Blue	1011	4 008705 010115

Permanent adhesion.

HERMA Transfer glue dispensers permanent hold together what belongs together. Paper, cardboard, photos, foil and many other materials can be glued easily and precisely. Ideal for the office, home office, kindergarten or school, but also for handicrafts, creative handwork and for packing mail and parcels.

The ergonomically shaped glue dispensers have extra grip surfaces on the sides for perfect grip, so they lie well in the hand and are very simple to use – even for left-handers.

Glue Dispenser transfer, removable

- Clean and accurate gluing of many materials and surfaces
- Removable, free from solvents and acids
- Easy to use, even for small children's hands
- 15-metre refill roll included
- Available in the colours blue and black

Description	Colour	Order No.	MOQ 1 piece
Transfer, removable, filled with 15 m roll

Refill roll		1061	4 008705 010610

Reliable adhesion without leaving marks!

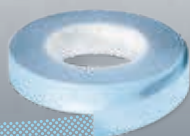

HERMA Transfer glue dispensers removable are the ideal solution for precise gluing of paper, cardboard, photos, foil and many other materials. Wrongly stuck on? No problem – the glue dots can be removed without leaving any residue. The ergonomically shaped glue dispensers have extra grip surfaces on the sides for perfect grip, so they lie well in the hand and are very simple to use – even for left-handers.

Glue Bee transfer, removable

The curve specialist

- Clean and accurate gluing of many materials and surfaces
- Removable, free from solvents and acids
- Easy to use, even for small children's hands
- 15-metre refill roll included
- In childlike cheerful bee design

Easy gluing – not only for kids!

The cute HERMA Glue bee transfer removable is not only fun, it is also a great solution for precise gluing of paper, cardboard, photos, foil and many other materials when crafting in kindergarten or school.

Wrongly stuck on? No problem – the glue dots can be removed without leaving any residue. This makes crafting twice as much fun.

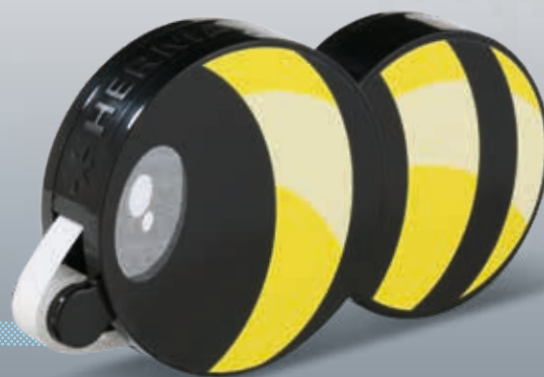

The ergonomically shaped glue dispensers lie well in the hand and are very simple to use – even for small hands and left-handers.

Fast dispensing piece by piece or in continuous lines!

Ideal for mounting photos, admission tickets and other items: the HERMA Vario tab dispensers permanent are the mounting specialists among the HERMA dispensers. 1,000 individual 12 x 13 mm paper stickers on a roll ensure precise gluing of paper, cardboard and other materials. The paper stickers can be applied individually or unrolled in a row.

The ergonomically shaped tab dispensers lie well in the hand and are easy to use – even for left-handers.

Can't be done – doesn't exist!

Sticking and mounting,
removing and hanging up:
simple and fast

HOME

HERMA's adhesive products HOME are useful everyday helpers in the household. Mounting and decorating, hanging up, fastening and removing again if necessary: here you will find clever solutions.

The HERMA photo stickers and photo corners are ideal for archiving photos classically in a photo album.

The adhesive pads are useful little all-rounders when it comes to decorating and mounting - they stick almost anywhere and are also easy to remove again.

The practical hangers bring your favourite decoration to the wall.

With the label remover as spray and pen, paper labels can be easily removed, without any sticky residue.

Made by HERMA

Photo Corners Transparol since 1930

The original – photo albums can no longer be imagined without it

An idea by Heinrich Hermann, patented on March 5, 1930.

Useful, practical, easy to use and best of all: photos, pictures and postcards are not glued themselves, but only inserted and can be exchanged as often as desired.

The elegant way of archiving.

The photo corners are available in two sizes: standard with an edge length of 20 mm as a 250 and as a 500 piece pack and in extra large with 37 mm in a 100 piece pack.

- Self-adhesive, with transparent pockets
- In a practical cardboard dispenser
- Can be taken out individually, with peel-off tab
- Adhesive free from solvents and acids, photo-safe, archive-quality
- Also available as extra large „corner“

Photo Stickers

HERMA photo stickers are double-sided adhesive paper stickers, permanent, in the size 17 x 12 mm. The individual paper stickers can be taken out and positioned individually thanks to the practical cardboard dispenser. Multi-purpose: classic for mounting photographs and pictures into an album, but also for crafting, such as creating collages, scrapbooks and decorations. Available in packs of 500 or 1,000 pieces.

- Back side is ready to stick, front side is covered with protective paper
- Adhesive free from solvents and acids, photo-safe, archive-safe
- Permanent adhesive
- In a practical cardboard dispenser

Hangers

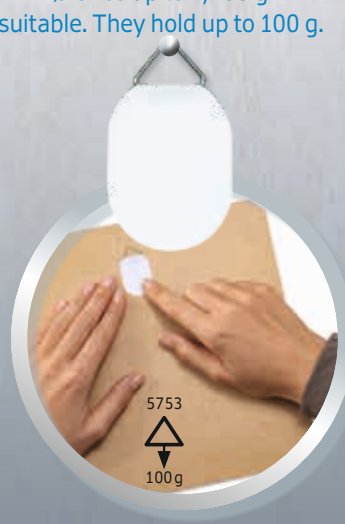

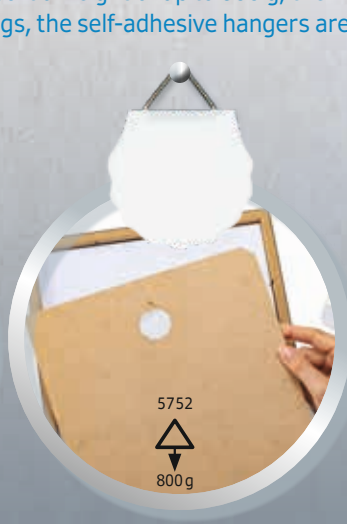

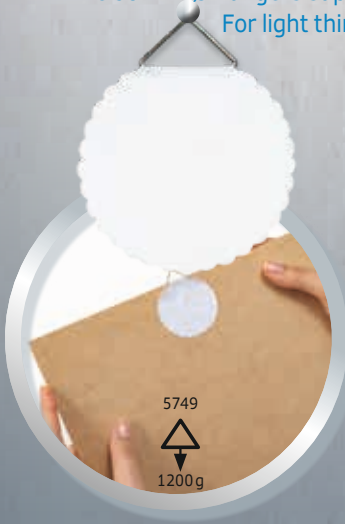

Hangers: Everything stays in the frame!

The hangers made of paper with integrated linen fabric are ideal for hanging pictures, posters, calendars, photos, decorations and signs – at home or in the office.

Moisten, press firmly and allow to dry completely.

The 30 mm Ø hangers support a weight of up to 800 g, the 45 mm Ø ones up to 1,200 g.

For light things, the self-adhesive hangers are suitable. They hold up to 100 g.

Adhesive Pads

Adhesive pads! A clean thing!

The clever solution for attaching smaller objects or decorations to smooth surfaces. Remove the pad, knead it briefly, shape it into a small ball and attach it. The elastic adhesive rubber does not harden, can be flexibly shaped, individually portioned and reused several times. This allows photos, postcards and decorative items to be attached in a variety of ways.

Take care with sensitive, soft or textured surfaces and woodchip wallpaper, test on an inconspicuous place before use.

Label remover Pen

HOME

Sticky troublemakers removed within 5 min!

HERMA's vegetable-based Label Remover Pen removes self-adhesive, uncoated paper labels, such as those on dishes or shoes, quickly and easily. Simply remove the cap, moisten the label with the dot tip, allow to act for 5 minutes and peel off. Ideal for small labels.

Caution for sensitive surfaces and materials: test on an inconspicuous place before use.

- Label remover in a handy format
- Contents: 15 ml
- On vegetable basis
- Made in Germany

Label remover Aerosol

HOME

Powerful against unwanted labels!

HERMA Label Remover Aerosol removes self-adhesive, uncoated paper labels quickly and easily. Simply remove the cap, spray the label over the entire surface, allow to act for 5 minutes and peel off. Repeat if necessary for strong adhesion. Ideal for large labels.

Caution for sensitive surfaces and materials: test on an inconspicuous place before use.

Everything from one source!

HERMA's archiving products for photographs, pictures, postcards and many other memories offer know-how and an overview, transparency, protection and durability as well as optimum assignment options. The Fotophan archiving system consists of robust, plasticizer-free polypropylene photo pockets with Euro perforations for all common photo and slide formats as well as for negatives and postcards. This keeps everything protected, completely free of dirt, creases or fingerprints.

For classic mounting or sticking on, there's HERMA photo cardboard: the high-quality special cardboard is sulphate-free and 100% photo-safe. The affixed protective overlay made of textured paper (parchment) also protects sensitive and valuable photos for a long time.

For Fotophan storage, HERMA Fotobooks are available in 5 colours. The sturdy 4-ring combi mechanism holds up to 30 filled insert sheets reliably together.

HERMA Fotobooks – the optimal way to store photos, slides and negatives in the best possible way.

They are made of high-quality vinyl material with a pleasant haptic and are available in the colours sand, bordeaux, blue, brown and black. With the handy format of 26.5 cm x 31.5 cm, they fit into all standard living and shelf systems. The high-quality 4-ring combi mechanism keeps the filed photo cardboards or insert sheets reliably in place. They are ideal for filing the HERMA Fotophan system, the classic photo cardboard for mounting photos, the HERMA photo pockets for all common photo formats and the slide and negative insert sheets in various sizes.

- Fotobooks in 5 different colours
- For storing and archiving photos, slides and negatives
- For up to 30 insert sheets
- Handy format and pleasant haptic
- High-quality vinyl material

Photo cardboard: Keeping memories alive

The high-quality special cardboard with affixed protective overlay made of textured paper (parchment) is sulphate-free and 100% photo-safe. It is available in standard format 230 x 297 mm, suitable for all A4 Fotobooks, ring binders and motif files, and in extra-large format 320 x 315 mm, in black and white. The cardboards are perforated and easy to file. They can be used on both sides and do not crease. HERMA Transfer glue dispensers, photo stickers and Transparol photo corners are suitable for mounting.

- For mounting, decorating, embellishing and remembering
- Made of high-quality special cardboard
- With affixed protective overlay made of textured paper (parchment)
- In two colours and two sizes

- Made of polypropylene (PP)
- Absolutely plasticizer-free and archival safe
- Photos can be inserted on both sides, with Euro perforation
- With inscription labels in each 10-sheet pack
- Suitable for all common files & ring binders

Slide & Negative Pockets

- Made of polypropylene (PP), free of plasticizers and archive-safe
- Open on broad side for easy insertion
- With Euro perforation for reliable hold
- Suitable for HERMA Fotobooks, ring binders and motif files

HERMA Fotophan slide and negative pockets made of transparent polypropylene are practical storage aids for slides and negatives in all common formats. They protect against scratches, dirt, dust and fingerprints. Simply insert the negatives or slides into the extra-wide pockets and everything is safely and neatly stored. The special safety tab prevents slides from falling out, so slides and negatives stay safe for a long time.

Postcard Labels

Postcard pockets

HERMA postcard pockets are the ideal storage option for postcards in standard A6 format. Four postcards can be inserted per pocket and both sides remain visible. The pockets are made of robust transparent polypropylene, 100% plasticizer-free and archive-safe.

- Made of polypropylene (PP), free of plasticizers and archive-safe
- For up to 4 postcards per pocket
- Both sides of postcard visible
- With Euro perforation and inscription labels
- Suitable for all common files and ring binders in A4 format

Postcard labels

HERMA postcard labels with postal imprint turn photos or other images into personal postcards for mailing. The photo-friendly material is particularly opaque and robust. The labels measure 9.5 x 14.5 cm, making them ideal for the 10 x 15 cm format or larger.

- Labels with postal imprint
- Photo-friendly material, especially opaque, self-adhesive
- Chlorine-free bleached, solvent-free adhesive
- Ideal for labelling over shipping and parcel labels
- Personal greetings made easy, stick on photo (10 x 15 cm), done

It's showtime

The right cover for every purpose!

Protect, present and promote, convince(d) professionally and brilliantly!

HERMA document covers are available in various formats for many different purposes: to protect documents, cards and IDs – made of special film with RFID protection against unauthorized reading of chips such as those in bank cards. Or as practical, self-adhesive pockets for affixing into folders and files.

From small format A8 to A4, there are suitable document covers for all standard sizes. They are made of robust transparent polypropylene or PVC film and provide durable and reliable protection.

Document protectors ^{RFID}

RFID (Radio-Frequency Identification) enables the contactless reading of data stored invisibly on microchips in passports, ID, bank and employee cards. Practical in everyday life, but also a security risk. The special film used by HERMA blocks radio waves to such an extent that illegal reading, copying and data theft are reliably prevented.

- Protection against unauthorized reading
- Highest possible shielding due to special foil
