Hall U Need

Near Lille, there is Hall U Need. It's a place where you can play arcade games, go bowling with your friends, eat typical food from the region and even work your voice with karaoke.

Where to Get Cultural

Cavrois villa

When the sun come out, I love visiting the Cavrois villa, a modernist masterpiece by the architect Robert Mallet-Stevens, built in 1929. It's a wonderful space where you can discover designer pieces and enjoy a magnificent garden. The light here is amazing, the perfect place to take beautiful pictures.
