# How Degrii makes your home comfortable and energy efficient.

## Smart Fencing

Your Degrii Smart Thermostat automatically adjusts heating and cooling for comfort when you're home and energy savings when you're away.

## Temperature Settings

Set your preferred temperature manually to effectively regulate the room's climate. Your Smart Thermostat will utilize these settings to maintain a comfortable and energy-efficient home environment consistently.

## Schedules

Optimize energy costs effortlessly by customizing your schedule to match your daily routine with Degrii Thermostat. Additionally, receive tailored recommendations from Degrii to further improve your schedule and maximize energy savings. You can turn off the schedule at anytime if you don't want the schedule to run.

## Using a Remote Thermostat

Strategically position your purchased Remote Thermostat in key areas to ensure optimal comfort and effectively regulate temperatures in hot or cold spots.

# ■ Get to know your Smart Thermostat

**Left touch button**

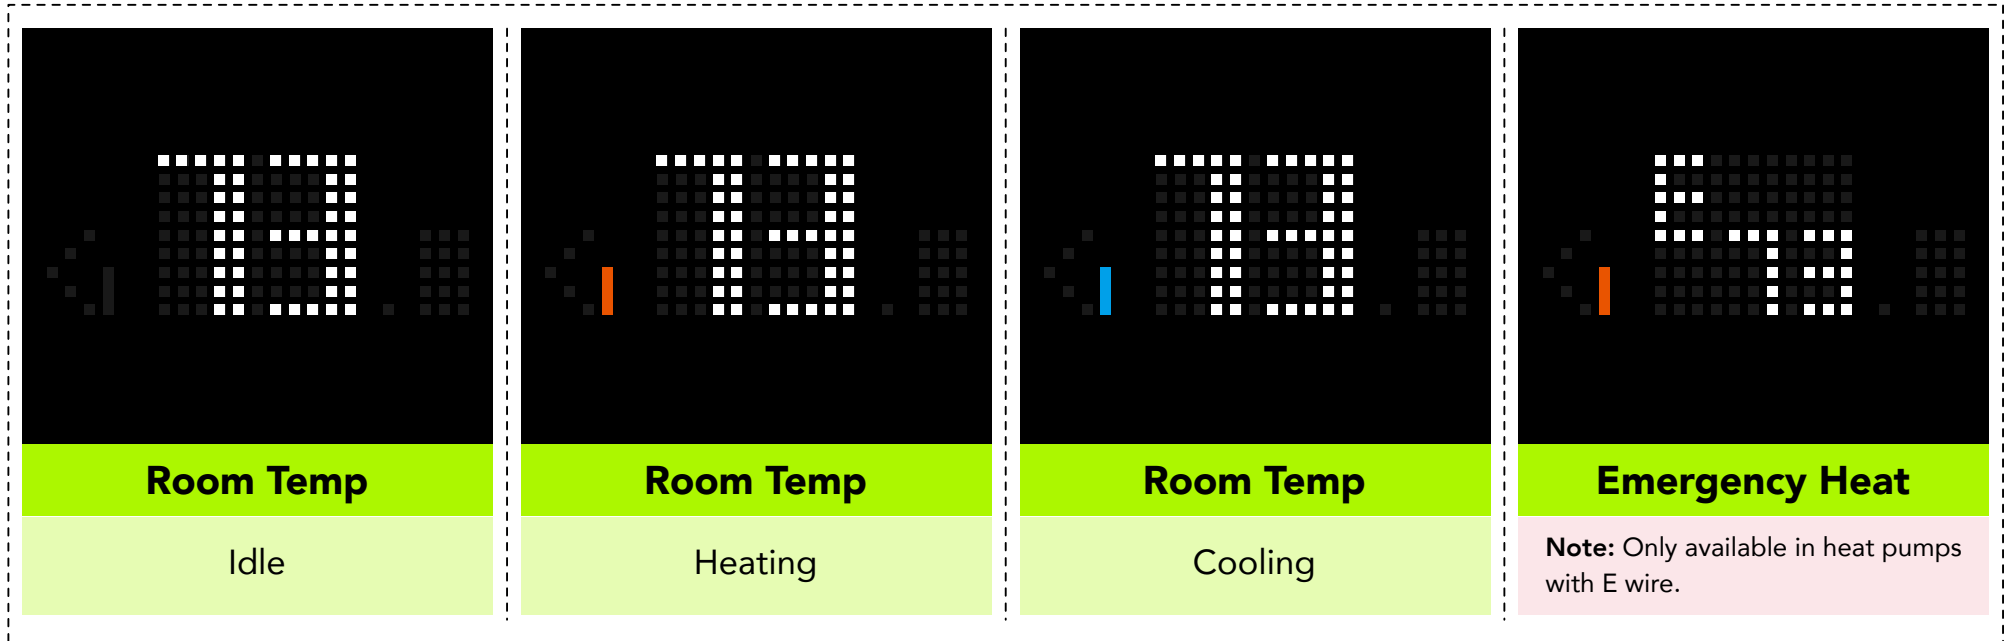

For decreasing temp or navigation

**Menu/Confirm**

**Right touch button**

For increasing temp or navigation
