KOLOR - WHO KNEW?!

In 2023, we released some amazing products -- Flare™ Windshields for CVO Road Glide, Lowrider ST, Pan America, BMW and a whole lot of Kolor. We also added new fenders and phone mounts to the mix. It's safe to say 2023 was quite the ride!

As we look ahead to the future, we can't help but look back. Last year, we raised a toast to the memory of two extraordinary individuals – my dad, Roger Klock, and our business partner, Danny Christner.

Now, 2024 is shaping up to be even bigger and better -- we're putting the finishing touches on our photography studio and expanding our campus. Hats off to our incredible team for leading the charge on a global scale. It's amazing to think that it all started in a modest 700 sq. ft. garage, and now our parts are being used by riders worldwide to create incredible bikes.

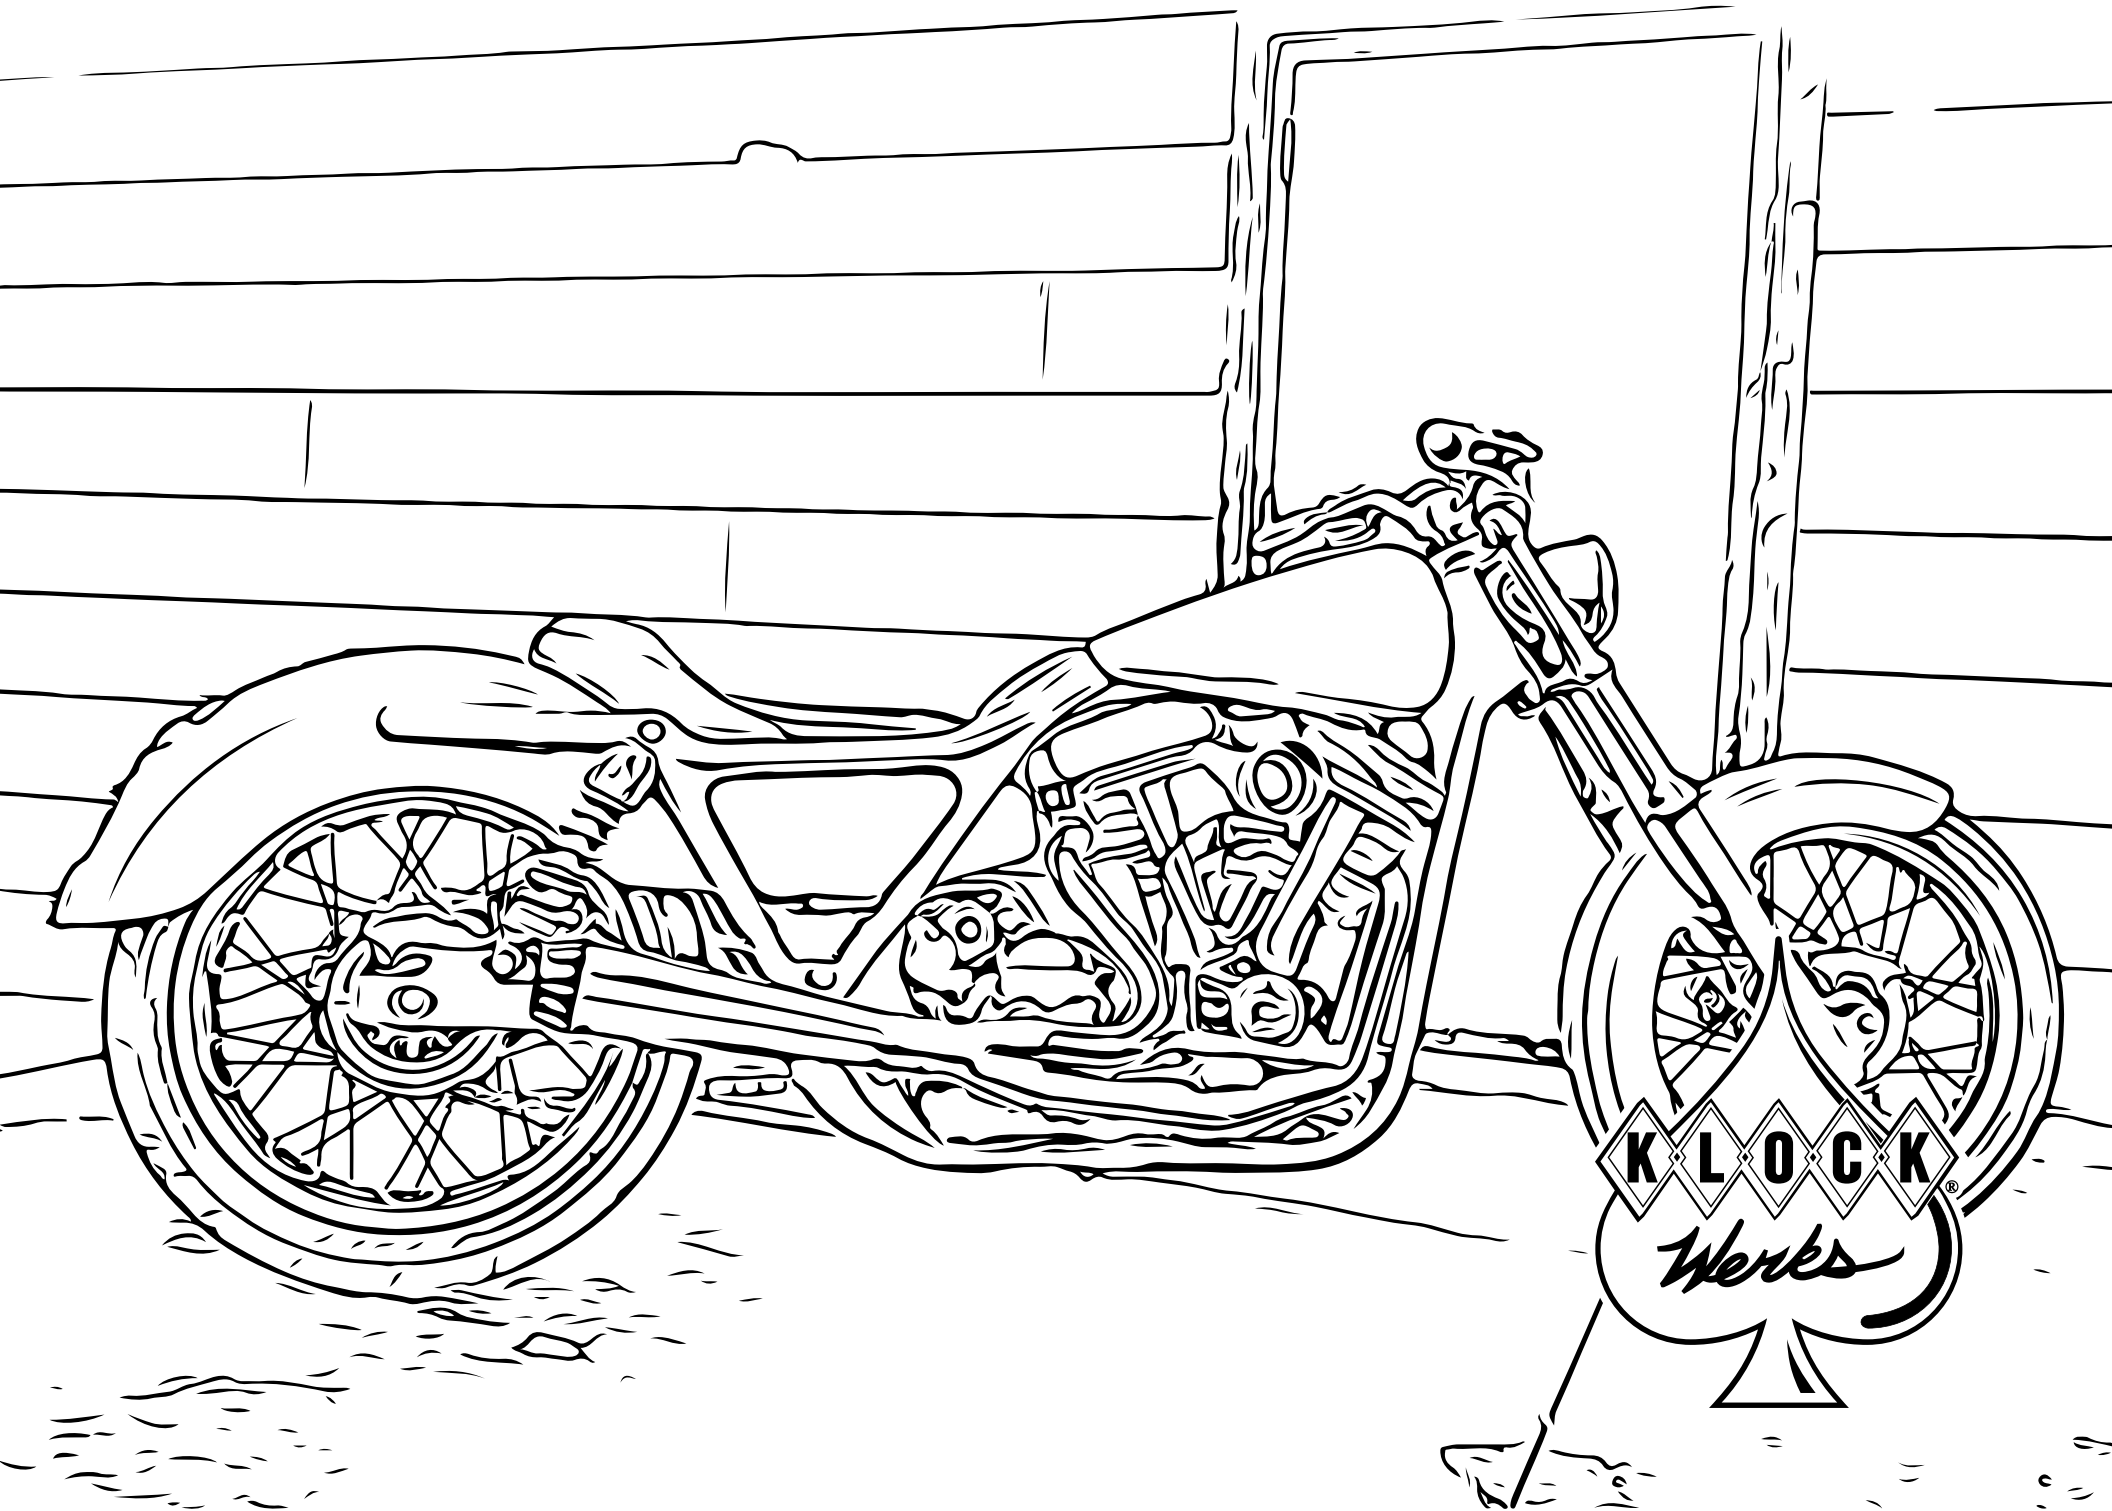

There are so many reasons to revel in the spirit of creativity! We invite you to join in by adding your own unique touch of Kolor. Take a moment to reflect, celebrate the journey, and plan for what's next. We're immensely grateful for your unwavering support. Let's make 2024 a year to remember!

COLORING PAGES INSPIRED BY:

2024

2023 turned out to be an unofficial 'Year of Kolor' at Klock Werks, thanks to our awesome Kolor and Ice Flare™ Windshields. We went all out, giving you Flares™ for Harley Road Glides (old and new ones), Street Glides (yup, both old and new), Low Rider STs, and FXRP Fairings. And just when we thought you couldn't get enough, we dropped them for Indian Challengers too!

Now, because you folks went crazy for all that color in 2023, we thought why not add even more in 2024? But here's the twist - we want YOU to be the one adding the color this time!
