44 minutes
5.0-7.5 gpm
0.3 in./hour

Please refer to example screen shots of the Genius Phone App on the following pages.

Example screen shots of 10' x 10' square = 100 square foot watering zone.

Zones Page

The ZONES page displays a diagram of a watering zone with a blue line and a table of zone data. The table has columns for Position, Rotation, and Feet. Below the table are controls for saving, adjusting, and rotating the zone.

Position	Rotation	Feet
1	55	7
2	164	7
3	273	7
4	382	7

Feet 7 - Rotation 55 of 437

SAVE - + ROTATE

Schedule Page

The SCHEDULE page shows scheduling options and a table of zone data. The 'Schedule is' section has radio buttons for 'On' and 'Off', with 'Off' selected. Below are options for 'Water Individual Days', 'Water Even/Odd Days', and 'Water Every X Days'. A green button labeled 'ODD' is present. The 'Start Time' is set to 11:55 PM. A table shows zone data for Zone 1 with 4 revolutions, 0.22 inches, and a duration of 00:08. The 'Duration' is also shown as 00:08 at the bottom.

Schedule is On Off

Water Individual Days

Water Even/Odd Days

Water Every X Days

ODD

Start Time 11:55 PM

Zone	Revs	Inches	Time
1	4	0.22	00:08

Duration 00:08

Example screen shots of 40' x 50' square = 2,000 square foot watering zone.
