

OTTO REVO NC2 Remote Speaker Microphone

OTTO REVO NC2 Remote Speaker Microphone (RSM) features an innovative patent-pending design that provides revolutionary noise cancellation and optimum voice reception. Top-mounted microphone cancels out the surrounding noise to ensure transmissions can be clearly heard. Built-in debris screen protects internal components to keep dust and dirt from impacting transmission clarity.

OTTO custom designed the RSM to reliably connect to Sonim's SecureAudio Connector on the XP5plus and XP10 handsets. This allows the RSM connector to screw into the handsets and draw power.

Did You Know?

The OTTO RSM features a headset port to connect a listen-only headset. A listen-only headset redirects the receive audio through the headset, while still transmitting audio through the RSM. This is necessary when in a situation where you don't want audio broadcasted from the RSM.

Features

- Ergonomic slim profile is comfortable to use and wear
- Compact, tapered design built for rugged conditions and harsh industrial environments
- Push-to-Talk simplex and full-duplex Remote Speaker Microphone
- Large and tactile PTT and emergency buttons
- Hi/Lo volume slider switch is unobtrusive and intuitive
- Fully sealed against water immersion and dust ingress to IP68 standard
- Meets MIL-STD-810G for resistance to vibration, shock, solar radiation, pressure and temperatures
- Built-in debris screen protects internal components
- High-performance noise-canceling design provides industry-leading voice clarity
- Clothing clip with 360 degree rotation with positive detents stops every 45 degrees
- PTT switch life: 1 million cycles, Cable pull: 40 lbs
- Optional 3.5mm listen only headset and in-vehicle holder available
- Compatible with Sonim XP5s, XP5plus, XP8 and XP10 handsets
- Designed and Assembled in the USA
- 3 Year Limited Liability Warranty
- Operating Temperature -30°C - +60°C
- Dimensions 3.4 X 2.5 X 1.2 inches w/o belt clip & coiled cable, Weight ~185g
