

A touch of simplicity

Always follow the directions for use.

The mask you choose matters

A mask that fits comfortably and securely can significantly improve your experience with treatment.

The mask you decide to use should:

- be one that fits you well
- seal against the face effectively
- align with your lifestyle.

F&P Solo has been designed to overcome many of the challenges with therapy.

At Fisher & Paykel Healthcare, we aim to simplify your CPAP* mask experience, right from the start. The F&P Solo mask is as easy as Fit, Touch, Sleep.

93%

of users rated their experience with the F&P Solo mask as simple or very simple.¹

Fit

World's first AutoFit™ mask

Simply stretch the mask over your head and onto your face.

Touch

One-touch adjustment

Adjust for your preferred fit by sealing the mask under your nose with a gentle push.

AutoLock technology holds the seal in place and requires only a single pull to release the headgear.

Sleep

Comfort and stability

AutoLock technology comfortably holds the mask in place throughout the night.

Reference: 1. 85 out of 91 participants rated their experience with the F&P Solo mask as simple or very simple. Internal validation study conducted with 91 participants (across F&P Solo Nasal and F&P Solo Pillows) in the US 2023. For a full product setup description, cautions, hazards and warnings, refer to the user instructions provided with the product. Use the device as directed. Always follow the instructions for use. We refer to CPAP in this instance, but this may also include other positive airway pressure (PAP) device modes such as APAP or Bilevel. Masks must be used with a PAP device to deliver therapy.
