Introduction

ABOUT JK CHOCOLATE

Your world just got sweeter. Since 1984 Julie and Karleen – the JK team – have experimented with family recipes to bake the most spectacular cookies and chocolate sauces. First it was just for their children’s school teachers during the holidays. Over the years, word circulated about their indescribably tasty treats, with more and more people asking to purchase them. JK Chocolate was born years later, and Julie and Karleen’s Microchip cookies have become a fixture at parties and as presents for any occasion.
