RING SIZE CONVERSION

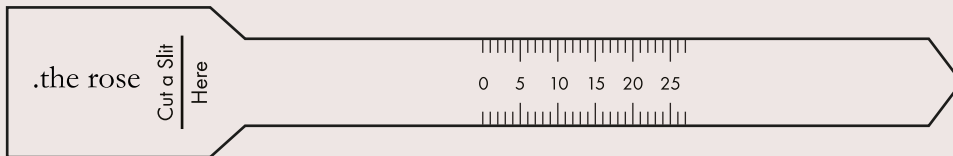

STEP 1: CHECK THE ACTUAL SIZE OF THIS PRINT

To ensure that your ring sizer has been printed correctly, check that the scale below measures exactly 4 cm.

STEP 2: MEASURE YOUR FINGER SIZE

1. Carefully cut along the outline of the sizer.
2. Apply tape on both sides of the sizer to reinforce it, feel free to use two layers of tape if needed.
3. Make a small slit in the left end of the sizer. You might want to add tape vertically on each side of the slit to reinforce it.
4. Wrap the sizer around the intended finger with the numbers facing out.
5. Slide the pointed end of the sizer through the slit.
6. Move the sizer to the larger part of the finger, this may be the knuckle.
7. Read the millimeters and check your size on the table below. The size you need to take for your The Rose ring is on the right.
