Premium Prebiotic Line

Meet the sugar pastes based on **Inflex Technology™**. Our innovative formula makes the sugaring process easier and quicker while supporting the skin and the balance of the microbiome. Choose from our **5 pastes with different consistencies** to find the perfect one for your needs.

PREMIUM PREBIOTIC 01N° SUGAR PASTE

*Sucrose, Aqua, Gluconolactone,
Inulin, Cichorium Intybus Root Extract*

This paste has three possible applications:

- Use it for traditional sugaring in winter or in cold weather (for advanced sugars only).
- Use it as a fixing consistency paste (when your paste is too hard).
- Use as a sugar wax for working with cotton strips

PREMIUM PREBIOTIC 02N° SUGAR PASTE

*Sucrose, Aqua, Gluconolactone, Inulin,
Cichorium Intybus Root Extract*

- Perfect for large body areas
- Recommended for advanced users
- Easy spreading on the skin
- Consistency popular in Scandinavian countries
- Ready to use without preheat.

PREMIUM PREBIOTIC 03N° SUGAR PASTE

*Sucrose, Aqua, Gluconolactone, Inulin,
Cichorium Intybus Root Extract*

- The most universal of pastes
- Especially suitable for large areas

PREMIUM PREBIOTIC 04N° SUGAR PASTE

*Sucrose, Aqua, Gluconolactone, Inulin,
Cichorium Intybus Root Extract*

- Perfect for bikini and small areas
- Ideal for warm days as well as those colder ones.
- Best choice for beginners.
- Consistency popular in Mediterranean countries.

PREMIUM PREBIOTIC 05N° SUGAR PASTE

*Sucrose, Aqua, Gluconolactone, Inulin,
Cichorium Intybus Root Extract*

- Perfect for hot summer days.
- The toughest of the Premium Prebiotic Line. Despite its hardness, it is characterized by very high elasticity.
- Consistency is popular in Mediterranean countries.

All range of pre&after sugaring products in small
capacity

5 X 50 ML

Classic Line

Our sugar pastes from the Classic line have been **used by sugaring professionals since 2014**, and have gained a reputation for being effective and gentle on all skin types. Unlike other sugaring formulas that use citric acid or lemon juice, our **formula is based solely on natural monosaccharides (Fructose, glucose) and ensures a neutral pH that is gentle on the skin.** Choose Classic Sugar Pastes for a time-tested sugaring solution that is versatile and skin-friendly.

CLASSIC 01N° SUGAR PASTE

Fructose, Glucose, Aqua

- Ideal for large area epilation such as on the legs.
- First choice for the advanced sugaring specialists.

CLASSIC 02N° SUGAR PASTE

Fructose, Glucose, Aqua

- The most universal consistency.
- Suitable for large and smaller body areas.

CLASSIC 03N° SUGAR PASTE

Fructose, Glucose, Aqua

- Perfect for hot days.
- Works well on small areas such as bikini.

Pre&After Sugaring Line

Our carefully curated product line includes a range of **must-have items** that will elevate your sugaring experience. From the Hexagonal Restore Balm to the Premium Prebiotic Powder, we have everything you need to provide **gentle and effective care for your customers skin.**

Pre Sugaring

PREMIUM PREBIOTIC CLEANSER

Aqua (Water), Propanediol, Polyglyceryl-4 Laurate/Sebacate, Polyglyceryl-6 Caprylate/Caprates, Salix Purpurea Extract, Inulin, Dextrin, Avena Sativa (Oat) Kernel Extract, Ethyl Lauroyl Arginate HCl, Glycerin, Potassium Sorbate, Gluconolactone, Lactic Acid.

Natural micellar water designed to cleanse the skin before hair removal. It thoroughly cleanses or removes impurities without drying out the skin.

PREMIUM PREBIOTIC CLEANSER

430 ML

Method of application:

Simply apply to a cotton pad, wipe the skin, and dry with a cloth. Wait for 30 seconds and you're ready to go.

Pre Sugaring

PREMIUM PREBIOTIC POWDER

INCI: Bentonite, Tapioca Starch, Aloe Barbadensis Leaf Juice Powder, Inulin, Cichorium Intybus Root Extract, Fructose, Maltodextrin

Innovative powder supporting the sugaring epilation process **with prebiotics and aloe vera**. Prebiotics from chicory nourish the skin's beneficial microbiome, aloe vera soothes the skin. The powder base consists of natural bentonite clay and tapioca starch which gives a velvety smoothness.

PREMIUM PREBIOTIC POWDER

talcum free formula

100 G

Method of application:

Powder the epilated body part before applying the sugar paste. If needed, use an additional powder during sugaring.

After Sugaring

PRE&POST BIOTIC ROSE WATER

Rosa Damascena Flower Water, Lactobacillus, Cichorium Intybus (Chicory) Root Extract, Maltodextrin, Ethyl Lauroyl Arginate HCl, Glycerin, Citronellol, Geraniol, Phenoxyethanol.

Essential hydrolate of damscence rose infused with prebiotics (Chicory Extract) and postbiotics (Lactobacillus). Soothes the skin and **supports the renewal of a harmonious skin microbiome**. Ideal for rinsing the skin after depilation and for use as a facial toner.

PRE&POST BIOTIC ROSE WATER

430 ML

Please note: Prebiotics and postbiotics form a natural deposit on the bottom of the bottle. Therefore, do not forget to shake the bottle before use.

After Sugaring

PREBIOTIC SOOTHING SERUM

Aqua (Water), Dextrin, Propanediol, Glycerin, Pentylene Glycol, Tamarindus Indica Seed Gum, Salix Purpurea Bark Extract, Inulin, Sodium Hyaluronate, Avena Sativa (Oat) Kernel Extract, Sodium Benzoate, Benzoic Acid, Potassium Sorbate, Gluconolactone, Lactic Acid.

A unique soothing serum recommended after sugaring. The unique combination of ingredients **effectively soothes, relieves and has an anti-inflammatory effect.** . Organic, fermented Purple Willow extract reduces itching and irritation. Sodium hyaluronate and Tamarind gum moisturise and smooth the skin.

PREBIOTIC SOOTHING SERUM

200 ML

The Dextrin contained in the serum **effectively soothes redness in just 10 minutes.** The serum works best **together with Hexagonal Restore Balm.**

After Sugaring

HEXAGONAL RESTORE BALM

Aqua (Water), Propanediol, Hydrogenated Farnesene, Squalene, Glycerin, Selachyl Alcohol, Sucrose Polystearate, Pentylene Glycol, Persea Gratissima (Avocado) Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Inulin, Dextrin, Cichorium Intybus (Chicory) Root Extract, Sodium Hyaluronate, Aloe Barbadensis Leaf Juice Powder, Acacia Senegal Gum, Magnesium Chloride, Lactobacillus, Avena Sativa (Oat) Kernel Extract, Tocopherol, Helianthus Annuus Seed Oil, Maltodextrin, Sodium Benzoate, Benzoic Acid, Potassium Sorbate.

A unique lotion that soothes the skin and creates a breathable protective film on the skin. It has unique properties due to its innovative liquid crystal emulsion with a hexagonal structure.

HEXAGONAL RESTORE BALM

150 ML

Especially recommended at the **end of sugaring procedures on small areas** of the body. It can be used on the whole body and face. For best results, **apply directly on Radeq Lab Sugaring Soothing Serum.**

After Sugaring

PREBIOTIC SOOTHING MILK

Aqua (Water), Helianthus Annuus Seed Oil, Propanediol, Dextrin, Glycerin, Cetearyl Alcohol, Caprylic/Capric Triglyceride, Squalane, Persea Gratissima (Avocado) Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Glyceryl Citrate/Lactate/Linoleate/Oleate, Inulin Lauryl Carbamate, Pentylene Glycol, Inulin, Avena Sativa (Oat) Kernel Extract, Cichorium Intybus (Chicory) Root Extract, Aloe Barbadensis Leaf Juice Powder, Lactobacillus, Tocopherol, Tamarindus Indica Seed Gum, Maltodextrin, Xanthan Gum, Sodium Benzoate, Benzoic Acid, Potassium Sorbate, Gluconolactone, Lactic Acid.

A light, fast-absorbing emulsion that gives a feeling of relief and deep skin moisturization. Ideal for completing treatments on **large areas of the body** such as the legs or manly back.

PREBIOTIC SOOTHING MILK

340 ML

Specially crafted to provide **soothing and restorative care for the skin after sugaring**. Formulated with Dextrin, Aloe Vera, and Oat Extract, it swiftly alleviates discomfort and irritation.

Posters

Available in **A1 and A2 sizes**. Each poster features a **QR code for easy access to information** and comes in a variety of designs. Perfect for showcasing in your salon or storefront window
