## It's our first newsletter!

*Hello! I'm Victoria and you're receiving this newsletter as you've either shown an interest in or purchased from me at Simply Glass Design previously.*

*Hopefully, you'd like to receive quarterly updates on everything new, special offers, craft fayre dates etc, but if not, no problem, simply respond by **email** asking to be unsubscribed and I'll do just that.*

## Get involved!

*I'm really keen to make these newsletters informative and something you look forward to receiving.*

*I'd really value your input to make this happen.*

*If there's anything particular you'd like to hear about, **please let me know here.***

## World Bee Day

***World Bee Day** is celebrated on 20th May each year and I like to raise awareness of the importance of looking after these incredible little creatures!*

*The bees in my garden inspired my first collection so watch out for a bee themed giveaway on Instagram in May!*

Visit the **World Bee Day** website for more information.

## Workshops anyone?

*I'm regularly asked if I run fused glass workshops and until now I haven't but I'm now looking at whether it may be possible.*

*Please **complete this short survey** to help me understand what your perfect fused glass workshop would look like. Thank you!*

## Come and say hello!

*I appreciate that, when handled with care, the tactile nature of glass is a real joy. And how it can shine in the light is hard to capture in photos.*

*So why not pop along to one of our markets to see and feel the glass yourself.*

*Click [here](#) for current dates and venues. And don't forget to check in for any updates or new venues.*

## Collection of the quarter (of course it is!)

**Bumble Bees**

**That's it for now so until next time...**

**“Despite the forecast, live like it's Spring.”- Lilly Pulitzer**
