*modern shape structure  
integration of lines with planes  
comfortable and convenient choice*

Adjustment of backrest  
Pulling the headrest vertically  
to change its position.

Adjustment of headrest  
Pulling the headrest vertically  
to change its position.

Sitting pad:  
Adopt high density original shaping sponge,  
moderate hardness, comfortable bounce

Seat height adjustment  
Lifting the handle at the lower  
right side of the seat could adjust  
the seat height.

Wheels:  
The wheel is made of soft PU wrapped in  
nylon that makes it strong and durable.  
The mute effect is good, and it has  
almost no damage to the floor.
